

For 24 hours ending 5 p. m. Friday: Victoria and vicinity—Light to moderate winds, fine and warmer. Lower Mainland—Fine and warmer.

Royal—Code of the Yukon. Pantages—Vaudeville. Idemition—The Columbia Gardens. Variety—The Unwritten Law. Columbia—Satan, Junior. Romano—Blind Man's Eyes.

SUPREME COUNCIL HAS ROUMANIA'S REPLY

ARMENIANS WILL BE IN TERRIBLE PLIGHT WHEN BRITISH LEAVE

Expectation Is They Will Be Exterminated After Withdrawal of British Troops; Supreme Council Is Unable to Provide Troops

Paris, Aug. 14.—The Peace Conference is anxiously awaiting the British Government's decision as to the withdrawal of the British troops from the Caucasus, which it is expected will begin to-morrow.

Colonel William Haskell, of the United States, the Allied High Commissioner in Armenia, has telegraphed the Supreme Council that Armenia undoubtedly will starve and the people be exterminated if the British soldiers are not detained there until others are sent. The Supreme Council, however, is unable to provide troops. None of the large powers is willing to send soldiers there and consequently no action has been taken.

RAILWAYMEN WANT THEIR PAY RAISED

British Engineers and Firemen Urge Government to Make Haste

London, Aug. 14.—A demand for speedy settlement of their wage dispute, which was construed as being in the nature of an ultimatum, was made to-day by the locomotive engineers and firemen upon Sir Auckland Geddes, Minister of Reconstruction. About 45,000 men are affected. The letter forwarded by the railwaymen's executive to-day declares that unless progress toward a settlement is made during an interview with Sir Auckland, which they demand shall take place to-morrow, it is feared that the leaders will be unable to restrain their men from taking action. The letter states also that standardized wage scales offered to the men have been rejected by several branches of the railwaymen's organization, particularly at Liverpool and Manchester.

ATTEMPT TO STARVE PARIS SUSPECTED

Commission Men Charged With Advising Producers to Withhold Supplies

Paris, Aug. 14.—The Government is investigating the origin of the real motive for the sending on Tuesday of 1,000 telegrams, addressed presumably by commission merchants to producers in the country and advising producers to cease sending shipments to Paris. The telegraph employees, suspicious of the significance of so many telegrams of this character, held up the messages. For this they were officially blamed, but unofficially praised by Premier Clemenceau, who took upon himself all the responsibility.

In some quarters these telegrams are taken as evidence of a plot by merchant profiteers to attempt to starve Paris in revenge for the action of the Consumers' Vigilance Committee and in the hope of frightening both the authorities and the consumers. It was announced at the Ministry of Commerce that if the investigation should show a minimum wage among the commission merchants, they would be expelled from the general markets.

MINIMUM WAGE.

Vancouver, Aug. 14.—The order of the Minimum Wage Board of British Columbia setting a minimum wage of \$15 per week for all women office workers, experienced and over eighteen years of age, will come into effect next Tuesday. The order of the Board was made several weeks ago.

LIQUOR CONFERENCE.

Atlantic City, N. J., Aug. 14.—Believing a revulsion of feeling against prohibition can be concentrated for repeal of the liquor statutes in the United States, the brewers of the nation have called a big conference here on September 30. The meeting will continue a week.

P. P. Galligan, Sinn Fein Leader, Sent to Jail for Year

Dublin, Aug. 14.—Peter Paul Galligan, member of Parliament for the West Division of Cavan, who was court-martialed on a charge of illegal drilling of troops and the incitement of mobs against police officers in connection with his activities as a Sinn Fein leader, has been sentenced to a year's imprisonment at hard labor.

SENATE COMMITTEE TO SEE WILSON

American Foreign Relations Committee Will Discuss Treaty With Him

Washington, Aug. 14.—After a two-hour discussion to-day the Senate Foreign Relations Committee decided to notify President Wilson that it would call on him at the White House at his convenience to discuss the peace treaty.

The committee also decided to call before it E. T. Williams, S. K. Hornbeck and William C. Bullitt, who resigned as advisors to the American peace commission at Paris, because it has been reported they disagreed with decisions by the Conference.

A motion to call also Colonel House, General Bliss and Henry White, American delegates to the Peace Conference, was voted down 9 to 8. Senators McCumber, North Dakota, and Harding, Ohio, Republicans, voting with the Democrats.

In deciding to request a conference with President Wilson, on which there was no committee vote, it was agreed that all information secured from the President should be made public.

KOLCHAK'S TROOPS CONTINUE RETREAT

Falling Back in Ural Region; Petlura's Forces Advancing

London, Aug. 14.—The retreat in the Ural Mountains of the forces of Admiral Kolchak continues, according to news received here to-day. South of Ural, at the southern end of the Ural, it is added, the Bolshevik forces have driven the Cosacka back sixty miles and are endeavoring to separate them from the main body of the Kolchak forces, which is fighting on both sides of the Trans-Siberian Railway.

East of Cheliabinsk, a junction point on the railway, and Shadrinsk, the Bolsheviks are said to have reached the line of the Miass and Isset Rivers and captured Tiumen, just east of the Russian-Siberian border. The advances add that there is no sign that the Bolshevik advance is likely to be checked.

Serious Blow. The Associated Press is informed, however, that the general position of Admiral Kolchak and his Government is not believed to have been materially worse by the Bolshevik advance, and barring the unexpected collapse of Admiral Kolchak, the munitions the United States is sending should arrive in Siberia in time to aid in his recovery.

Nevertheless, it is admitted here that the reverses suffered by Admiral Kolchak are a serious blow to the policy of the Entente in Russia. (Concluded on page 14.)

AT CHICAGO 1282 TUBS OF BUTTER WERE SEIZED TO-DAY

Chicago, Aug. 14.—One thousand two hundred and eighty-two tubs of butter, valued at \$50,000, were seized here to-day on libel warrants issued by the United States District Attorney's office in the Government's war on the high cost of living.

Chicago, Aug. 14.—Radical overturns in grain and provision prices took place here to-day and the breaks were largely ascribed to seizures of food hoards and to other developments in the war against the high cost of living throughout the United States. Corn fell 8 3/4 cents a bushel to \$1.83, September delivery, and pork \$3.35 a barrel to \$4.4, September.

\$600,000 Asked. Washington, Aug. 14.—Appropriations totaling nearly \$600,000 with which to help carry out the President's suggestions for reducing the cost of living were asked of Congress to-day by the Department of Agriculture.

(Concluded on page 14.)

MUCH AMERICAN NAVAL REPAIR WORK

Washington, Aug. 14.—Acting-Secretary Roosevelt soon will ask Congress for an additional appropriation of about \$15,000,000 for use in repairing naval vessels. Repair work in prospect, particularly on battle-ship hulls, will keep the yards busy for eighteen months.

NEW BOARD OF COMMERCE IS ABOUT TO BEGIN HEARINGS

Ottawa, Aug. 14.—Judge Robson, of Winnipeg, chairman of the new Board of Commerce, called upon Sir Henry Drayton, Minister of Finance, this forenoon. Subsequently Judge Robson resumed his conferences with W. F. O'Connor, the assistant chairman of the Board. They are drawing up rules of procedure and will decide as soon as possible the date on which the Board will begin its activities.

After his conversation with Henry Drayton intimated that there would be as little delay as possible in organizing the Board.

Concerted Action. Winnipeg, Aug. 14.—Concerted action by all military and labor organizations in Canada in the fight for the reduction of the high cost of living was suggested in a letter from the Order of Railway Conductors, Division 664, considered at a meeting of the Army and Navy Veterans Association executive here last night. The suggestion was unanimously adopted and a committee was appointed to co-operate.

Return to Work OR LOSE CHARTER. Striking Railroad Shoppers in Chicago District Warned by Union

Chicago, Aug. 14.—Expulsion of all striking railroad shoppers from the international organization is threatened in a telegram from B. M. Jewett, president of the organization, which is to be presented to-day by officials of the Chicago District Council at a meeting of striking shoppers called to vote on the question of returning to work.

The telegram reads: Make orders positive at all points. Now is the time to act. We can not much longer delay, and if you refuse to comply we will be compelled to advise Hines, and Wilson if necessary, that you do not belong to the organization. If negotiations are resumed strikers will be deprived of benefits.

With Chicago as the stronghold of the strike movement, which has been materially worse by the Bolshevik advance, railroad officials, regional directors and strikers declared that to-day's meeting will mark the success or failure of the walk-out.

It was shown that the vote on the One Big Union question had been 236 for and 47 against.

The meeting was addressed by William McKensie, second international vice-president of the Union, who was called to Vancouver from Portland to put the union on its feet again after the break to the One Big Union.

"The statement that the union had gone over to the One Big Union is a body is shown to be false," said he, "for less than a third of the membership voted. At the same time \$1,500 of the funds of the union was voted away to five men in parcels of \$300 each and the union property disposed of in like manner. This will all have to be accounted for."

At the meeting it was stated that 400 names of men willing to join again had been handed in. The union is now doing business under the old charter and under the old local number.

W. J. BOWSER IS INVITED BY DALHOUSIE. Vancouver, Aug. 14.—W. J. Bowser, who is in the city to-day from Victoria, has received an invitation from the president of Dalhousie University to be the representative of British Columbia graduates at the celebration to be held on September 11, 12 and 13, of the one hundredth anniversary of the founding of the university. If he accepts this invitation, Mr. Bowser intends also to be present at the annual meeting of the Canadian Bar Association at Winnipeg towards the end of this month.

BULGARIAN ELECTION. Paris, Aug. 14.—A parliamentary election will be held in Bulgaria on August 17.

SMYRNA COMMISSION NAMED BY ALLIES

Paris, Aug. 14.—It was learned to-day that the Inter-Allied Commission appointed to investigate incidents connected with the occupation of Smyrna by Greek and other Allied forces consists of Brigadier-General Hare, for Great Britain; General Funston, for France; General Dallois, for Italy; and Rear-Admiral Mark Bristol, for the United States.

British Munitions Dump in Cologne Suburb Blows Up

Cologne, Aug. 14.—A British munitions dump at Kalk, an eastern suburb of this city, exploded this morning, killing fourteen workers and injuring many of the vicinity.

GREY APPROVED

Majority of London Papers Commend Choice of Ambassador to U. S.

London, Aug. 14.—Viscount Grey's acceptance of the appointment of temporary British Ambassador to the United States is given warm approval by the press here, which eulogizes his public services and for the most part regards his appointment as excellent. There is, however, dissatisfied criticism in some quarters, not on the ground of Viscount Grey's fitness or his acceptability to the United States, but because of the extraordinary responsibilities attaching to the post at this time. Doubt is expressed whether the naming of a temporary Ambassador is suitable, for this reason.

London Daily News. The Daily News severely scores the Government for making an "emergency appointment," adding: "To choose a statesman who for more than two years has been out of touch with active political life is, to say the least, a singular proceeding."

The newspaper, which is an admirer of Viscount Grey, says his task will be singularly delicate, his power being at best limited.

Other measures proposed are the resignation of Field-Marshal Liman von Sanders, who assisted in the command of the Turkish army during the war, has been granted by the Allies, a German wireless dispatch received here says. He is to return to Germany.

Field-Marshal von Mackensen, who led the German forces on the Eastern front during a part of the war, will go to Constantinople. The message says that the liberation of von Mackensen is under consideration.

MANY GERMANS TO GO TO ARGENTINA

Agents Have Bought 29,640 Acres in Republic For Colonization

Buenos Ayres, Aug. 14.—Er-Baron von Dem Busche Haddenhausen, former German Minister to Argentina, who arrived here early this month, represents a German colonization syndicate which is buying land to accommodate Germans who will emigrate to Argentina, the newspaper El Diazo says to-day.

The syndicate, which is buying land in the Argentine, has been active in exchanging cablegrams with Berlin.

Van Sanders. London, Aug. 14.—The repatriation of Field-Marshal Liman von Sanders, who assisted in the command of the Turkish army during the war, has been granted by the Allies, a German wireless dispatch received here says. He is to return to Germany.

Field-Marshal von Mackensen, who led the German forces on the Eastern front during a part of the war, will go to Constantinople. The message says that the liberation of von Mackensen is under consideration.

ENGINEERS NOT IN ONE BIG UNION

Vancouver Steam and Stationary Engineers in International Organization

Vancouver, Aug. 14.—That less than a third of the membership had voted the Vancouver Union of Steam and Stationary Engineers into the One Big Union was shown at a meeting held last night in the Labor Temple at which the union was once more organized as an international craft union.

It was shown that the vote on the One Big Union question had been 236 for and 47 against.

The meeting was addressed by William McKensie, second international vice-president of the Union, who was called to Vancouver from Portland to put the union on its feet again after the break to the One Big Union.

"The statement that the union had gone over to the One Big Union is a body is shown to be false," said he, "for less than a third of the membership voted. At the same time \$1,500 of the funds of the union was voted away to five men in parcels of \$300 each and the union property disposed of in like manner. This will all have to be accounted for."

APPOINTMENT OF GREY APPROVED

Majority of London Papers Commend Choice of Ambassador to U. S.

London, Aug. 14.—Viscount Grey's acceptance of the appointment of temporary British Ambassador to the United States is given warm approval by the press here, which eulogizes his public services and for the most part regards his appointment as excellent. There is, however, dissatisfied criticism in some quarters, not on the ground of Viscount Grey's fitness or his acceptability to the United States, but because of the extraordinary responsibilities attaching to the post at this time. Doubt is expressed whether the naming of a temporary Ambassador is suitable, for this reason.

London Daily News. The Daily News severely scores the Government for making an "emergency appointment," adding: "To choose a statesman who for more than two years has been out of touch with active political life is, to say the least, a singular proceeding."

The newspaper, which is an admirer of Viscount Grey, says his task will be singularly delicate, his power being at best limited.

Other measures proposed are the resignation of Field-Marshal Liman von Sanders, who assisted in the command of the Turkish army during the war, has been granted by the Allies, a German wireless dispatch received here says. He is to return to Germany.

Field-Marshal von Mackensen, who led the German forces on the Eastern front during a part of the war, will go to Constantinople. The message says that the liberation of von Mackensen is under consideration.

BELGIANS WISH TO CUT HIGH PRICES

Labor Party Invites People to Join in General Movement

Brussels, Aug. 14.—The Belgian Labor Party has published a manifesto inviting the people to join in a general movement against the high cost of living, and in a letter addressed to the Premier has suggested a series of measures intended to arrest the increasing price of necessities, to encourage the home growing of food and to assure an equal distribution of imports.

Other measures proposed are the resignation of Field-Marshal Liman von Sanders, who assisted in the command of the Turkish army during the war, has been granted by the Allies, a German wireless dispatch received here says. He is to return to Germany.

Field-Marshal von Mackensen, who led the German forces on the Eastern front during a part of the war, will go to Constantinople. The message says that the liberation of von Mackensen is under consideration.

Government Employees. Brussels, Aug. 14.—The Council of Ministers yesterday examined into a threat of government employees to call a strike. It is understood that the Government is prepared to satisfy immediately the claims of subalterns and to consider other categories later.

EXPLOSION AT KITCHENER, ONTARIO, KILLS TWO MEN

Kitchener, Ont., Aug. 14.—In a terrific explosion of 100 gallons of gasoline this morning August Hapshild and Adam C. Bauer were instantly killed, Charles Scherrer was seriously injured, several others were more or less hurt and the impregnating plant of the Canadian Consolidated Felt Company here was completely demolished. A small garage building close by also was destroyed. The cause of the explosion, the noise of which was heard many miles away, is at present unknown. All of the casualties were employees of the plant.

LENINE'S NAME USED BUT THREE RED LETTS RULING

Copenhagen, Aug. 14.—Dr. Martini, head of the Danish Red Cross in Russia, has returned here. He says there are reports that Nikolai Lenine, the Bolshevik Premier, has not really ruled in the last three months.

"The ultra-radicals have taken power from him," Dr. Martini told The Politiken. "Russia—that is Moscow—at present is governed by Peter, Ocherchenski and Astonoff, three Letts, who probably organized the Hungarian Bolshevik regime. They are the reddest of Jacobins and as soon as possible will carry out a massacre of all the foreigners in Moscow. Tchitcherin (George Tchitcherin, the Bolshevik Foreign Minister), admitted to me that the Government was unable longer to protect us. I believe Lenine now is residing at Tula, outside of Moscow. Trotsky has more power. He is believed to be with the army."

A Loan. London, Aug. 13.—A Russian Soviet Government wireless dispatch from Moscow states that the Lettish Government has arranged a loan of \$60,000,000 in the United States. The loan is to pay for food received from the Allies, the dispatch says.

Debt. London, Aug. 13.—A Russian Soviet Government wireless message from Moscow to-day says there is dissatisfaction in Polish circles at Warsaw in consequence of a reported decision of the Peace Conference that Poland must participate to the extent of 5,000,000,000 rubles in the payment of Russia's debts.

Costly. The five-week strike already has cost the Yorkshire Miners' Association more than \$200,000 in strike pay. (Concluded on page 4.)

ALLIED LEADERS IN PARIS ARE DECIDING COURSE IN HUNGARY

Answer Sent by Roumanian Government to Supreme Council Considered; Bucharest Government Not in Sympathy With Ex-Archduke

Paris, Aug. 14.—The Roumanian delegation sent to the Peace Congress to-day the text of the answer of the Roumanian Government to the notes sent by the Conference. The Supreme Council will meet this afternoon to discuss the Roumanian reply.

Paris, Aug. 13.—Roumania in nowise favors the installation of Ex-Archduke Joseph in power in Hungary, according to a declaration made to The Temps by Victor Antonesco, the Roumanian Minister here.

"The Bucharest Government has no reason for sympathy either for the Ex-Archduke personally or the reactionary regime which he represents," M. Antonesco said.

Amsterdam, Aug. 14.—The Roumanian troops are about to leave Budapest in consequence of the note sent to Roumania by the Peace Conference, according to a wireless dispatch received here from Vienna quoting newspapers of that city.

Instructions Sent. Paris, Aug. 14.—Dispatches from the Inter-Allied Military Commission at Budapest containing inquiries as to that body's principles were considered at a meeting of the Supreme Council yesterday afternoon and the Council sent additional instructions to Budapest. It is understood that the Mission was advised that orders are not to be given to the commanders of the Roumanian army, but that members of a Mission should hold themselves in readiness to confer with Roumanian officials preparatory to an adjustment of the strained situation.

Roumanian Purpose. Berlin, Aug. 13.—Via London, Aug. 14.—(Associated Press)—Dispatches from Budapest say it is becoming clearer that the Roumanian advance into West Hungary to the Austrian border was caused less by fear of peasant uprisings than to prevent Austria from seizing West Hungary and influencing the voting in that section.

Cabinet. Berlin, Aug. 13, via London, Aug. 14.—According to a Budapest dispatch to The Acht Uhr Abendblatt, the new Hungarian Cabinet is composed as follows: Premier, M. Toivassy; Foreign Minister, Count Julius Andrássy; Minister of War, Stephen Friedrich; Minister of Public Welfare, Garamé Feildl; Minister of Agriculture, Stephen Szabo; Minister of Education, Herr Huszar.

A Loan. Berlin, Aug. 13, via London, Aug. 14.—(Concluded on page 4.)

PREPARING FOR OTTAWA SESSION

Cabinet Met To-day; Department of Justice Is at Work

Ottawa, Aug. 14.—Plans for the approaching session of Parliament will be advanced by Sir Robert Borden during his absence as well as by his colleagues who are remaining in the capital. The Cabinet was in session to-day with Sir George Foster, Acting Prime Minister, Hon. N. W. Rowell, President of the Privy Council, and several other Ministers in attendance.

There is some question as to how much legislation will have to be passed by Parliament to continue in force Orders-in-Council passed under the War Measures Act, which become inoperative with the formal proclamation of peace. Particular attention is being given to this by the legal officers of the Department of Justice. By the time Parliament meets it is believed the necessary legislation will practically be ready for consideration by the House.

No Main Estimates. A feature of the session will be the lack of main estimates and the consequent elimination of discussion on motions to go into committee of supply. The estimates will be confined to a few supplementary ones to meet expenditures not foreseen up to the time Parliament adjourned. There will be no budget.

Insurance by bye-election writs is still delayed and no means have been devised whereby the new Ministers and the Leader of the Opposition can secure seats in the House until after the preparation of new lists in the constituencies where contests will take place, a procedure that will involve a delay of at least thirty-five days.

OVER 50,000 MEN AND WOMEN IDLE

Industries of Yorkshire and Lancashire Affected by Coal Strike

London, Aug. 14.—The industries of Yorkshire, particularly the textile industries, have been seriously affected by the coal shortage arising from the strike of 200,000 miners who voted yesterday to return to work. More than 50,000 men and women are out of work because of the shortage of fuel.

Steel and iron mills in Lancashire have begun to shut down because of lack of coal supply. Not all of the 200,000 miners in Yorkshire who have been on strike are willing to resume work. Ten thousand men in the Pontefract district voted yesterday against returning to work, and it is said that in other districts the miners have not yet reached a decision as to whether they will return to their labors. The belief prevails, however, that a majority of the miners will start work again on Monday.

Costly. The five-week strike already has cost the Yorkshire Miners' Association more than \$200,000 in strike pay. (Concluded on page 4.)

VISCOUNT GREY AND THE IRISH QUESTION

London, Aug. 14.—Commander Kenworthy asked in the Commons yesterday afternoon why Viscount Grey had not been permanently appointed Ambassador to the United States. In reply Mr. Hon. Bonar Law said the Government would be only too glad if Lord Grey would accept a permanent post, but everyone who knew of the former Foreign Secretary's disability would share in the satisfaction over his action in accepting a temporary appointment. T. P. O'Connor, a Nationalist, of the Second Division of Liverpool, and editor of T. P.'s Journal, asked what instructions would be given Viscount

Grey to improve relations between Great Britain and the United States by the settlement of the Irish question and conciliation. Mr. Honar Law replied that he was sure Lord Grey would do all in his power to improve in every respect where improvement was necessary.

FIGHTING PROHIBITION.

New York, Aug. 14.—The Italian Vineyard Company, a California corporation, has brought suit in the United States district court here to restrain the Federal District Attorney and the Collector of Customs from enforcing the war-time Prohibition Act so far as the company's products are concerned. This is the second suit brought by wine producers in the courts of this district.

WASYL ZVEROFF TO BE DEPORTED

Vancouver, Aug. 14.—The Immigration Commission sitting on the cases of the aliens taken in the dragnet after the Royal Northwest Mounted Police closed down on the men it had been investigating for months, has handed down its first decision, which is that Wasyl Zveroff, alias "The Sailor," is to be deported. The evidence produced before the Commission in the case of Zveroff reads like a sensational novel. It covers mutinies, riots, revolutionary plots and plans for wholesale murder and robbery. It gives details of the schemes and the hopes of the anarchists.

Wasy Zveroff was in jail at Okalla, doing a thirty-day term for carrying concealed weapons, when he was charged with being an undesirable alien. Two witnesses appeared against him, Sergeant Wilson of the Royal Northwest Mounted Police, and Special Agent Duranoff. Zveroff was arrested for carrying concealed weapons and gave evidence, and called other witnesses to testify as to his character.

"More Terrible." Sergeant Wilson testified that he had established intimate relations with the accused after the strike on June 6. At the firemen's hall on Columbia Street on June 19 the accused had said to him: "They are having lots of trouble in Winnipeg now. We must keep quiet here for a couple more weeks and then we will have the same thing here, only more terrible. We shall win. I know where there are 200 bombs ready for use. We shall not have to use bricks and stones. They are for the women and children to use. I do not care a damn for my life if I can only get a good fight against the capitalists before they kill me, and a chance to blow the loyal soldiers and the Mounted Police to— and show what the Russians can do."

PROFITING BILL DRESSED FORWARD

British Commons Put It Through Committee Stage at Long Sitting

London, Aug. 14.—After disposing of the Profiters Bill, by which the Government will be empowered to take drastic action in lowering the high cost of living, the House of Commons, which sat all night as a committee of the whole, took up the House of Lords amendments to the Transport Bill this morning. Some of these amendments were not accepted by the lower House. The bill, being in continuous session for seventeen hours, the House rose shortly after 9 o'clock this morning.

The Profiters Bill passed the committee stage shortly after 5 o'clock this morning. An amendment empowering the Board of Trade, after an investigation, to fix wholesale and retail prices, was passed by a vote of 122 to 85.

MRS. McDONALD GAINS 20 POUNDS

Doesn't Feel or Look Like Same Person Since Taking Tanlac, She Says

"A few days ago," said Mrs. Emily McDonald, of 1598 Pacific Avenue, Winnipeg, recently, "I was showing a neighbor a photograph of myself, which was taken before I began using Tanlac, and I have improved so much that she could not believe it was a picture of me." Mrs. McDonald, who is the wife of a well-known Canadian Pacific railroad man, has lived in Winnipeg for the past seventeen years, and her experience with Tanlac will be of interest throughout Canada. "Forty-five years ago," she continued, "when I was only seventeen years of age, I had an attack of indigestion that was so severe my digestion did not think I would recover. For a long time my stomach has never been right, and I have often had spells of the same kind. About three years ago I had one that almost finished with me. I was left me entirely, and my stomach was in such a bad condition I had to live mostly on eggs and milk. I could not eat a piece of bread unless it was almost burned, and even then I would often suffer misery. I was very fond of pastries, but had to give them up entirely, for if I ate them I would suffer death. What I did eat would sour and the gas from it would blot me up terribly, causing such awful pains in my left side and around my heart that I could hardly stand it. I often suffered with headaches, and my blood circulation was so poor that my limbs would get numb. I was also troubled with rheumatism in my ankles. I would swell so it was difficult for me to get my shoes on and pain me terribly. "I have tried most everything, but never got more than a little passing relief until I used Tanlac. But this medicine has built me up and done me so much good that several of my neighbors are now taking it on my recommendation. My appetite is just splendid, and my I can eat pastries or anything else, and never suffer the least bit afterwards, and since the gas has stopped forming on my stomach I am never troubled with indigestion or shortness of breath. I can lie down at night now and sleep like a child until morning. All that tired feeling has left me and I have strength to do all my housework without any trouble. The rheumatism and headaches are gone entirely, and I have gained more than twenty pounds in weight. I have been benefitted so much that I neither feel nor look like the same person, and it is a real pleasure for me to tell the people what a grand medicine Tanlac is." Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

KEPT SILENCE ABOUT BELGIUM

Germany Sidestepped Question in Reply to Pope in 1917

London, Aug. 14.—A "White Paper" issued by the Government deals with the Papal peace proposal to the Belgians in August, 1917. The Pope in his note said that before everything, the fundamental point must be that the moral force of right should be substituted for the material force of arms, and pointed out that this would entail a general agreement for the simultaneous and reciprocal reduction of armaments and the institution of the principle of arbitration. The Pope stipulated for complete evacuation by the Germans of Belgian and French territory, with the complete independence of Belgium, restitution of the former German colonies and complete "freedom of the seas." Britain's Reply. Foreign Minister Balfour, the White Paper continues, in acknowledging the Pope's note, intimated that until the Central Powers and their allies stated officially how far they were willing to go in the matter of reparation and restitution and an effective guarantee against a repetition of the horrors of the war, the British Government considered it most unlikely that any progress toward peace could be made. The French Government intimated that its views coincided with those expressed by Mr. Balfour.

German Reply. Dr. George Michaelis, the then German Chancellor, replying for Germany, subscribed to the idea of enforce arbitration, the limitation on armaments and "freedom of the seas," but said no word on the evacuation of Belgium and France or Belgian independence. He merely expressed readiness for peace on conditions compatible with justice and corresponding to the situation.

French Army. This and the Austrian reply, which was similarly couched, were sent to Mr. Lloyd George and formally acknowledged. There the matter ended, the White Paper says.

Paris, Aug. 14.—Demobilization of the military organization built up in France during the war is proceeding and when it is completed the organization will be the same as in 1914, before the outbreak of the war.

FREE STREET CARS

Mayor of Detroit May Work For Abolition of Fares

Washington, Aug. 14.—The Mayor of Detroit at present favors municipal ownership of city street railway systems and operating at a reasonable fare, but ultimately he may come to believe that street car lines should be as free as the highways and be maintained at the public expense, as are the highways.

Mayor Cossens laid these views before the Federal Electric Railways Commission here, which is holding sittings and inquiring into the present condition and future of the street railways of the country. Mayor Cossens contended that only by sociological treatment of the matter could any real approach be made toward furnishing the public with "comfortable and decent" transportation.

Most of the witnesses heard were in agreement that the financial situation of the street railway companies was serious and probably would grow worse because of increasing cost and motor vehicle competition. Remedies suggested ranged from the proposal of the Mayor of Detroit for municipal ownership and operation of urban lines to suggestions by State Utility Commissioners that the revenues be increased. The Commissioners represented were those of Indiana, Connecticut and Rhode Island.

Most of the State Commission representatives favored co-operative control of the trolley lines by municipality and state commissions, the latter having powers of revision.

F. P. Ingram, of Detroit, a retired manufacturer, suggested public ownership of the street car plants, a nominal fare charge and absorption of any operating deficits by taxation of the land values of property served by the lines.

MINERS ON STRIKE IN UPPER SILESIA

Berlin, Aug. 13.—Via London, Aug. 14.—Sixty per cent. of the Upper Silesian coal fields are again idle as a result of a fresh strike, which threatens to be more serious than any of the previous strikes here. The Communist agitators are again revealing that they are freely spending funds to induce the workers to quit. The industrial workers of Middle Silesia also are restless owing to the unimproved food conditions.

PRICE OF HIDES COMING DOWN NOW

Ottawa Government's Action Has Effect; No Reason For Dearer Boots.

Ottawa, Aug. 14.—The price of hides for the manufacture of boots and shoes is falling in Canada since the Government placed an embargo on exportation of hides, skins and leather, on the whole basis of the Cost-of-Living Commissioner. The embargo was announced on August 4. By August 5, country hides had fallen five cents a pound in Canada, and hides dropped ten cents and on calf skins on the Montreal market on Tuesday.

"This decline in the price of raw material following the Government's action, should, if it continues," says the Cost-of-Living Commissioner, "obviate the necessity of any advance in the price of boots and shoes, and if continued far enough, should cause an actual decline in these prices."

HIGHWAY BOARD OF THE DOMINION

Ottawa, Aug. 14.—Official announcement is expected shortly of the appointment by the Government of an honorary Advisory Highway Board, which will assist the Department of Public Works in formulating its good roads policy based upon the legislation passed by Parliament last session. It is stated that C. A. McGrath, former Dominion Fuel Controller, J. P. Mullarkey, of Montreal, and Holmes Smith will be members of the Board.

THIS beautiful cover by Harrison Fisher, America's foremost cover artist, will help you identify September Cosmopolitan almost immediately. This is Mr. Fisher's one hundred and sixteenth cover for "America's Greatest Magazine"—the magazine that more than a million people buy each month.

It's pretty tough to leave New York!

That's what many of the dough-boys think as they pause for a few days at the gate-way of the New World before they go back to their home towns where nothing ever seems to happen. What is the lure of New York anyway? Fannie Hurst slipped out one day to find out for you, and in "Welcome to Our City," in September Cosmopolitan, she tells you what she discovered. She found a gayer New York than ever before in its history. And maybe she can't make you see it!

What is innocence?

Cynics say there's no such thing. Optimists insist there is. Whittmore, an artist, actually thought he had found it in a reform school for wayward girls. Surely those pretty, laughing creatures dancing around a may-pole must be sweet, innocent young girls! Particularly, shy Nadine. So he secured the permission of the matron to paint Nadine's picture. Rupert Hughes in "Innocence" in September Cosmopolitan tells what Whittmore found out. A good story for pessimists or optimists to read. Which are you?

Well, Rodney Baird decides at last what to do with the \$200,000

You may remember Rodney—how he found a trunk filled with money under his bed in a hotel room. And he surely needed all the cash he could lay hands on. Everyone has been speculating on Rodney's decision whether he'd keep the money or try to find the owner. Now, in September Cosmopolitan, Arthur Somers Roche divulges that much of the mystery anyway. Begin "Uneasy Street" this month and see what's going to happen to our young friend.

WHEN you pick up a magazine you like to find in it novels, stories and special features by the greatest writers in the world. You'll find more of them in this number of Cosmopolitan than in any other two magazines on the stands this month. That's why you'd better get your copy right away before someone else gets it.

More than a Million copies a Month

"And even if I can't love you, David, I will honor and obey you"

She said this when she married the man who could save her father from bankruptcy. She expected to be very, very unhappy the rest of her life—there was a young man who expected to be very unhappy too. In "Their Unexpected Bliss" in September Cosmopolitan the great short-story writer, Gouverneur Morris, tells what actually did happen. Whose bliss does he mean? Read the story.

Messages from the dead

The most astounding and convincing articles that have ever been written on the subject of life after death are coming from the distinguished pen of Basil King, the famous novelist. They are appearing in Cosmopolitan. Read "The Abolishing of Death" in the September issue. The world has long watched and waited for just what Mr. King has discovered. F. X. Leyendecker has drawn the beautiful, symbolic decorations for this remarkable series.

Here is a list of the world-famous writers in the September number of Cosmopolitan.

COMMERCE BOARD IS PEOPLE'S COURT

Dominion Body on Cost of Living Easy of Approach

Ottawa, Aug. 14.—The Canadian Board of Commerce has been officially constituted, with Judge Hugh Robson, of Winnipeg, as chairman, and W. F. O'Connor, K. C., former Cost-of-Living Commissioner, as second member, and these two gentlemen have had a conference with the Government and already have started work.

The third member of the Board, it is expected, will be named within a couple of days.

The Board will act under the Combines and Fair Prices Act, and is given power to institute investigation on its own motion or at the request of Ministers or other responsible persons bringing matters to the notice of the Board.

No Fuss.

When seen yesterday afternoon by the Canadian Press, Judge Robson was emphatic in his statement that there would be no fuss and formalities attached to the working of the Board.

"This is to be a people's court," he declared, "and to be so it must be easy to approach. Any bona fide citizen who has a just cause for complaint will find us ready to give him a hearing, and we shall get down to work just as soon as possible."

Action Urged.

Kingston, Ont., Aug. 14.—The Union of Canadian Municipalities at last evening's session of its annual convention here passed a resolution calling upon the Government to prosecute and punish profiteers. The resolution as originally drafted expressed "earliest appreciation of the measure of attention being paid by Parliament to problems resulting from the high cost of living," but this was stricken out, as Alderman Murphy, Halifax, and Hon. A. G. MacKay, Edmonton, did not think the Government had done anything and was not entitled to praise. The drafters of the resolution consented to the elimination in order to secure unanimity. Dr. J. W. Edwards, M. P. for Frontenac, thought the Government had done a good deal in regard to the problem, and mentioned the Board of Commerce.

Mayor Hardie of Lethbridge said that unless something was done before winter to reduce the cost of living, the people would compel the Government to take action. He favored appointment of a commission of experts to deal with the question.

Mr. MacKay, of Edmonton, said that the people would all be Bolsheviks if the profiteers were not soon punished.

Retail Merchants.

Brandon, Man., Aug. 14.—With reference to the accusation made by Dr. R. J. McFall, the Cost-of-Living Commissioner, that George W. Markle, president of the Retail Merchants' Association, now in convention here, has issued the following statement:

"The position of the retail merchants of this country is pretty well indicated by the fact that for some years they have been endeavoring to have the Government appoint what has always been referred to as an Inland Trade Commissioner. After persistent urging on the part of the retailers, the Government has seen its way to appoint a Board of Commerce. The retailers are enthusiastic over the appointment of this Board, and especially with the chairmanship of Judge Robson, who is not only known in Western Canada, but throughout all Canada, as a man of unusual administrative ability. The retailers are quite confident that the matter referred to by Dr. McFall, if dealt with by this Board of Commerce, will not result in any way to the discredit of this Association."

Wheat.

Winnipeg, Aug. 14.—What might be construed as a veiled threat on the part of the farmers to go on strike if the Government should fix the initial price of wheat at anything less than the \$2.25 guaranteed by the United States to its producers, was made by J. K. McLennan, representing the United Farmers of Ontario, at the opening session of the Canadian Wheat Board here yesterday.

"We are facing a short crop," he said. "If the \$1.75 initial price rules we may find the crop returns still shorter. Strikes are popular and the farmers might be inclined to catch on. The farmers are cross already."

Market Price.

J. R. Murray, of the United Grain Growers, thought the only way to arrive at a fair price for the farmers was to give them the prices obtaining on the open world market. Otherwise nothing less than the \$2.25 of the United States should be set. If the consumer must have cheap bread, he added, in fairness let it come through a Government bonus rather than at the expense of the farmers.

Plans.

The Wheat Board, in a statement it has issued, says it hopes to be in a position to make public the plans and regulations for the handling of the 1919 wheat crop some time next week. "In the meantime," the Board says, "in order to obviate undue hardship to the producer, the Canadian Wheat Board suggests that temporarily farmers should deliver their wheat to the elevator companies, obtain storage tickets therefor. The elevator companies or banks undoubtedly will make satisfactory advances against these storage tickets. When later the regulations and methods in connection with the pooling system are known, the farmers can convert the storage tickets issued by the elevator companies into cash tickets, and secure the initial payment, as fixed by the Board, and receipts enabling them to obtain participation certificates at a later date."

Conviction in U. S.

Washington, Aug. 14.—Important new developments in the Government's fight to reduce the high cost of living throughout the United States came yesterday.

One of the most interesting was the announcement by Attorney-General Palmer that the first federal conviction for profiteering had been obtained. District Attorney Lucey telegraphed from Binghamton, N. Y., that a retail grocery had been fined

"I feel I must tell you of the great benefit I have received from your wonderful medicine, 'Fruit-a-tives.' I have been a sufferer for many years from Violent Headaches, and could get no permanent relief.

A friend advised me to take 'Fruit-a-tives' and I did so with great success; and now I am entirely free of Headaches, thanks to your splendid medicine."

MRS. ALEXANDER SHAW.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price, postpaid, by 'Fruit-a-tives, Limited, Ottawa.

Boots.

\$500 for selling sugar at fifteen cents a pound.

"A few good cases of profiteering in each state will settle that trouble," Mr. Palmer remarked.

Shoes.

Boston, Aug. 14.—Shoes retailing for \$6 to \$7 a pair are a drug on the market, according to witnesses who appeared yesterday at the grand jury investigation here of the high cost of living.

They testified that customers demanded a more expensive grade, and that as a result profits have to be made on the finer grades of leather, while there is no call for parts of hides formerly used for manufacturing cheaper grades of shoes.

The needs of foreign Governments after the war began and the increased demand for shoes after the United States went into the conflict were among the causes of the increase in prices, according to witnesses.

Tanners and manufacturers, it was claimed, were all anxious to see prices dropped.

DEBT OF DOMINION IS \$1,670,263,691

Ottawa, Aug. 14.—The revenues of the Dominion for the first four months of the fiscal year totalled \$59,621,970, as against \$91,954,172 for the corresponding period in 1918. While there was a falling off in customs collections of upwards of \$4,000,000, receipts from excise taxes more than made up for this decrease while the revenue from public works, including railways and miscellaneous revenues, grew, the latter by over \$5,000,000.

The expenditures for the four-month period were slightly over \$75,000,000, as compared with but \$33,000,000 last year, but the difference is to a certain extent due to the fact that a large amount of overseas expenditures last year had not been included in the returns at the end of July.

Expenditure on capital account so far this year has amounted to \$117,278,824. All but approximately \$10,000,000 of this has been war expenditure.

The total net debt of the Dominion at the end of July was \$1,670,263,691, an increase for the month of \$53,392,155.

SILVER FOX SKINS FOR SOME WHISKY

London, Aug. 14.—(Associated Press.)—Three silver fox skins for which \$2,500 has been refused in London were obtained in Archangel for six bottles of whisky by a British officer who has just returned from Northern Russia. Another officer traded a case of champagne for a diamond necklace said to be worth thousands of dollars. Returning soldiers say any possession a native has may be obtained with intoxicants.

The hunter who parted with his fox skins had little pleasure out of the whisky, however. Immediately on obtaining it, he went into a room and drank it all. He was found in a serious condition and required hospital treatment to save his life.

CROPS IN GERMANY BELOW ESTIMATES

Berlin, Aug. 13.—Via London, Aug. 14.—The harvest in Germany, contrary to expectations in May and June, threatens to be applied or badly damaged by the wretched weather which prevailed all summer and the lack of labor, which, with the highest wages, it is almost impossible to get. The shortage of fertilizers plays a lesser part.

The German grain supply, from which the empire must largely subsist, is at present of low value. It is over-ripe from lack of workmen to harvest the crop, and is beginning to shed its kernels. The summer crop is better and nearly up to expectations.

Potatoes deceived expectations on account of wet weather.

ANGLO-RUSSIAN TROOPS ADVANCED

London, Aug. 14.—"In North Russia, Anglo-Russian troops on August 10 attacked the Bolshevik forces on the Dvina with great success," said a report issued by the War Office here last evening. "All the objectives were gained. Six enemy battalions were destroyed, the troops being either killed, captured or dispersed. More than 1,000 prisoners, twelve field guns and many machine guns were captured. Our line on the

JEW TO STATES.

Copenhagen, Aug. 13.—Via London, Aug. 14.—It is reported from Warsaw that 40,000 Polish Jews have asked permission to go to the United States. It is expected there will be a great number of emigrants leaving Central Europe soon for the United States.

OUR BIGGEST INDUSTRY.

There is a great deal of speculation at the present time regarding the future of the wooden shipbuilding industry with particular application to Victoria. This is a matter of vital interest to the community as a whole.

We have noted from time to time eulogistic references by representatives of the French Government in respect of the standard of workmanship typified in these vessels. It has been acknowledged in high circles that these ships are the best work in wooden construction, and Vancouver Island thus has shown that it can build vessels second to none.

We understand that John W. Doty, vice-president of the Foundation Company, is visiting France after new business, and it is hoped the high recommendations he carries from members of the French High Commission will be productive of satisfactory results.

The Foundation Company is desirous of remaining in Victoria and such an enterprising concern is deserving of the unswerving support of our citizens. The plant installed here represents a considerable investment and its organization is the acme of perfection.

We assume the people of Victoria appreciate the importance of this contract to the general prosperity and development of the city. Since the contract was inaugurated here last Fall the company has circulated \$3,500,000 in wages and when the work has been finished at the end of the year, it is estimated that \$5,500,000 will have been disbursed in wages alone.

This is but one aspect of what the contract has done for Victoria and the territory immediately contiguous to it. Other industries have been stimulated and the mills of the island have been kept driving at high pressure to supply the demand for lumber.

It might surprise some people to learn that the payroll of the Foundation Company—over \$600,000 per month—supports over 30 per cent. of the city's population, and in consequence of its business conditions have been improved wonderfully and a wave of general prosperity prevails.

ACTORS RISE.

The actors' strike to which reference was made in these columns yesterday and which has culminated in a court action against prominent stars of the drama and film by one of the big producing concerns, arose from the refusal of the Actors' Equity Association, which apparently is an actors' union.

The Actors' Equity Association declares that the issue in effect is one of collective bargaining. "When the manager and actor dealt with each other as individuals," the Association says in a recent statement, "a situation existed which had no duplicate in any other field of activity. The actor, while free as an artist, was economically a slave. He often rehearsed the better part of a season, but worked and was paid salary for only a few weeks. The contract, which a majority of the managers forced the actor to sign, was so trickily drawn that legally there was not even one square meal for the actor in it. The women of the stage were inadequately protected.

The Actors' Equity Association was formed to remedy these intolerable conditions. Although the managers reluctantly after years of petitioning, made certain concessions tending toward

better conditions, they never at any time treated the Actors' Equity Association with the courtesy which its patience, its fair dealing, its desire for equity, deserved. And at no time did a majority of the managers live up to the contract they had signed."

The strike has spread to Chicago, and the stage profession all over the continent appears to be about to take a hand. The chorus girls have organized themselves into the Chorus Equity Association, while, as doubtless, the ballet dancers and the "captivating soubrettes" soon will be in line. On the other hand certain eminent stars have declined to have anything to do with the movement, and E. H. Sothorn and David Warfield have organized an independent association.

The acting profession thus is being split into two factions, certainly a unique development in the economic situation of the world to-day. We ought to be able to assume, however, that this disturbance in the theatrical firmament will not increase the cost of bacon, clothing and shoes, although one never can tell. Stranger things have happened in the last few years and we may yet be told that there must be an increase in the prices of these commodities because Mr. Sothorn is unable to play Hamlet or Othello and Lillian Russell refuses to budge from the Knickerbocker Hotel.

THE WRONG LABEL.

W. F. Nickle, M. P. for Kingston, who resigned a few days ago, presents an apt illustration of the inappropriateness of political party labels in some cases when they are contrasted with policy and principle. Mr. Nickle was elected as a Conservative in 1911, but he has been one of the least conservative members of the House. In regard to many questions he has been a radical whose radicalism became unusually progressive when it was compared with the attitude of not only many of his colleagues on the Government side but of some of the leaders of the official Opposition who bore the Liberal label.

Mr. Nickle was the originator of the movement against the custom of bestowing titles upon residents of Canada. He was one of the leaders of the fight for control by municipalities of their streets in their relations with railway and power companies. When the Union Government was formed he dropped his old-time party affiliations, giving it independent support as a war administration. With the end of the war he has promptly resigned his seat on the ground that his election did not mean that he should remain there beyond the period of the conflict. Nevertheless, it is unfortunate that Mr. Nickle has ceased to be a member of Parliament and the country is very much the loser from his resignation.

A FARMERS' STRIKE.

At a session of the Canadian Wheat Board in Winnipeg yesterday the representative of the United Farmers of Ontario hinted darkly that if the minimum price of \$1.75 per bushel set by the Government for wheat was not changed the farmers might go on strike. The general conception of the farmer is that he is too long-headed to do anything of the kind, for that would be an act of cutting off the nose to spite the face with a vengeance. He farms primarily to benefit himself, not as a philanthropist. However adversely the Government's price arrangement might affect him he would be injured much more if he allowed his farm to remain idle.

The Government, however, is not limiting the price of wheat to \$1.75 per bushel. It simply guarantees the farmer that sum and undertakes to give him what will be realized above that figure in accordance with the ruling price in the world market. Incidentally, it might be of interest to the farmers to learn that they are not the only people who are criticizing the Government's action in arranging a minimum price plus the difference between that figure and the market price. The harassed consumer would like a little price fixing on his account.

CARNEGIE LOST THE RACE.

When the late Andrew Carnegie was sixty-five years of age he declared it was disgraceful for a man to continue gathering idle millions, and, according to his biographers, began a race to disengage himself of his great wealth before he died. He disposed of more than \$300,000,000, in various benefactions but, judging by a dispatch from Cleveland yesterday, he lost the race. An official of the United States revenue collection service in Cleveland estimates the Carnegie estate at \$500,000,000 on which an inheritance tax of \$144,181,000 will have to be paid. When the iron master began his philanthropic campaign his wealth was believed to be about \$250,000,000, so notwithstanding his large gifts to various objects he was beaten almost from the start. Apparently Carnegie was drawing only upon income to finance his benefactions, while the value of his capital holdings continued to expand, especially during the last five years. By annexing almost a third of the estate with his inheritance tax, however, Uncle Sam is helping to even up matters.

CHILD THEOLOGY.

One day during the war a wide-eyed boy put the whole theology of the world into a nutshell. "Mummy," he asked, "is Satan just God's German?" Children have curious ways of assimilating spiritual teaching. Who has not heard of the mite who called her teddy bear "Glady" simply because it squeaked? Was she not accustomed to sing on Sundays that homely line "Glady" simply because it squeaked? Was she not seem able to separate spirit from matter. Miss Hepburn, a grown-up little maid of three years, after hearing the telephone for the first time, prayed that night: "Hello, God! Are you there? I'm Miss Hepburn." The Lord's Prayer is a continual stumbling block. A certain youngster was long of the opinion that God's name was Harold, for the prayer distinctly said, "Our Father which art in Heaven, Harold by Thy name." But Bibbs has outdone all philosophy in unconscious metaphysics. She persists in praying: "Our Father, which art in Heaven, forgive our dress-faces and deliver us from Evy till!"

THINKS RANCHING WILL PAY WELL.

Marquis of Anglesey Crossing Canada to British Columbia Ranch

Montreal, Aug. 14.—Among the distinguished visitors to Canada who arrived here last evening on the liner Metagama was the Marquis of Anglesey, the young son of the Governor-General, returning from a visit to England, and Lord Ashley and Lady Radney.

"A great city you have here," said His Lordship last evening when he awaited the sorting of his baggage, "but I prefer the West, which is the country of promise and the country of a good, steady climate. I have a considerable ranch in British Columbia, where we are growing lots of apples and other fruits, as well as cattle ranching. I am going out there to look into things, because by the way things are going there should be a great future for fruit and cattle-growing in British Columbia."

The Marquis left to-day for his western destination. Among other passengers on the Metagama were Lord Charles Cavendish, the young son of the Governor-General, returning from a visit to England, and Lord Ashley and Lady Radney.

ALLIED LEADERS IN PARIS ARE DECIDING COURSE IN HUNGARY

(Continued from page 1.)

14.—A group of Hungarian banks will attempt to negotiate a loan for the new Government at Budapest, according to dispatches received here to-day, the Government having been unable to borrow 1,500,000,000 crowns sought from Austro-Hungarian banks.

Vienna, Aug. 12.—Delayed.—(Associated Press).—A statement attacking Britain and the United States, demanding that Hungary be united with Roumania, was issued by the Hungarian Government, and threatening to strip Hungary if the Roumanian army is forced to withdraw from that country, has been presented to the British and French heads of the Hungarian Government, by the authorized Roumanian representative at Budapest, according to dispatches received here. The text of the statement, according to report, follows:

Bolshevism. "There are 250,000 workmen in Budapest who are only waiting for the Roumanians to take the situation immediately into their own hands, which would mean a return of Bolshevism. The Hungarian Government can not depend upon the Entente Powers for assistance, for those powers have withdrawn all their troops from Russia and the United States is unwilling to send a single soldier. We do not trust the Entente, which wants only to humiliate us. We are unwilling to withdraw our troops, if necessary, but we will carry out this and strip the country just as Field Marshal Mackensen did Roumania."

Union. "The only grudge the Entente has against us is that we refuse to have English and American capital dominate Roumania. Hungary must follow Roumania's policy in not accepting English and American capital. Whatever would remain after the Roumanians retreat would be taken by the Entente anyway. The Entente's idea is to have Roumania and Hungary united, and Roumania ruled by the Roumanian king. We do not care what the Entente or Premier Clemenceau of France wants to do or is doing. We will follow our own policy."

Time-Limit. "We expect an answer from Archduke Joseph, head of the Government, by 8 o'clock to-night. If an answer is not received by that time, we shall inform Bucharest, which will decide what action should be taken."

"Royal Prince."

Budapest, Aug. 12.—(Delayed).—The Hungarian Administrator, who is called the Royal Prince Joseph by the official Hungarian news agency, had a conference with the political party leaders to-day and ordered them to work out a plan for restoring conditions to normal. The leaders immediately went into session and will report later to the Administrator.

The Ministry has ruled that the property of clerical institutions held by the Soviet Government shall be immediately returned to the owners. The Soviet ruling under which objects of art were made public property also has been annulled, and the art works are to be returned to their owners.

Army. War Minister Schmitzer has issued an appeal for the creation of a national army. Soldiers have been forbidden to discuss politics. The regulations which went in effect prior to October revolution have been put into force again.

OVER 50,000 MEN AND WOMEN IDLE

(Continued from page 1.)

and other expenses, while the loss in wages has been in the neighborhood of \$5,000,000.

According to Rt. Hon. George Nicol Barnes, Labor representative in the War Cabinet, the labor situation is becoming more normal, and the nation is to be congratulated in having gone thus far along the troubled road. Unemployment, Mr. Barnes added, was down to half the figure of last May, and the workers generally were showing a desire to avoid extreme and illegal measures to obtain their desires.

Lloyd George Pleased.

Mr. Lloyd George is said to be particularly pleased with the way things are going, and his promised statement to Parliament next Tuesday, defining the Government's trade policy, is being awaited with great interest. It is asserted that Mr. Lloyd George will undertake that the Admiralty,

CARNEGIE FUNERAL A SIMPLE EVENT

No Eulogy and No Pallbearers; New York Pastor Officiated

Lenox, Mass., Aug. 14.—The funeral of the late Andrew Carnegie was held to-day at "Shadow Brook," his summer home in the Berkshire Hills. There was no eulogy, and there were no pallbearers. The service was as simple as were the tastes and habits of the man in life. Fully one-half of the sixty persons present were members of the household. The others were intimates of the family.

ADMIRAL SAITO IS REPORTED TO BE NEW GOVERNOR OF KOREA

Tokyo, Aug. 11.—Delayed.—(Associated Press).—Admiral Saito, former Minister of the Navy, has been appointed Governor of Korea, according to newspaper news here. There is no confirmation of this report.

APPOINTMENT OF GREY APPROVED

(Continued from page 1.)

Telegraph remarks he has not revealed whether he champions the particular form of the League incorporated in the peace treaty. The Chronicle regards it as particularly fortunate he is going to the United States now, saying: "For, with his rare tact and knowledge, he will be especially qualified to take counsel, both with President Wilson and those who are not satisfied with all the terms of the League of Nations covenant."

PROVED CAPACITY.

New York, Aug. 14.—Commenting editorially upon Viscount Grey's appointment to Washington, "The New York Times" says that while the permanency of the Ambassadorship remains unsettled, nevertheless for the next year or two, which may be a period of great importance in Anglo-American relations, this very responsible post will be occupied by a man of proved capacity, and American and British interests should both profit by the conjunction.

ABLE REPRESENTATION.

The Sun says the appointment assures the British Empire of able representation at Washington, and the American people of a sympathetic and informed guest, capable of thinking and acting in the expression of his thought.

FINANCIAL QUESTIONS.

Washington, Aug. 14.—Questions arising out of the peace settlement which Mr. Donar Law announced in the British House of Commons yesterday would require the attention of Viscount Grey, the new British Ambassador to the United States, are understood here to include a readjustment of the completed financial relation between Great Britain and the United States growing out of loans and credits advanced by the United States.

There also must be an almost immediate recasting of many existing treaties between the countries, necessitated by the radical changes following the war.

HENRY FORD'S CASE GOES TO JURY

Mount Clemens, Mich., Aug. 14.—The jury which for three months has been hearing testimony and arguments in Henry Ford's \$1,000,000 libel suit against The Chicago Daily Tribune retired to-day to consider its verdict.

HE—DOES A WOMAN WHEN SHE'S MARRIED EXPECT HER HUSBAND TO TELL HER HIS BUSINESS AFFAIRS?

WEILER BROS LIMITED

GOVERNMENT STREET. OPPOSITE POST OFFICE

FACTORY UNDERSTANDING WITH THE AMERICAN STATE DEPARTMENT

In the early days of the war there were many issues between the State Department and the British Foreign Office growing out of interference with American commerce by British warships and British Orders-in-Council and the many claims for damages by American ship-owners and merchants pending when the United States entered the war still technically an open. Viscount Grey was the British Secretary for Foreign Affairs when these issues arose and conducted the negotiations for his Government.

MEXICO.

For a number of years the British Government has refrained from enforcing demands upon Mexico for reparation for the killing of British subjects and for the heavy monetary losses inflicted upon British individuals, preferring to leave to the United States the adoption of measures to meet these conditions. It is believed now that one of the first duties of Viscount Grey will be to attempt a permanent settlement of the British issues with the Mexican Government after reaching a satisfactory understanding with the American State Department.

**"RESTHAVEN" EN
FETE YESTERDAY**

Soldier Patients, Entertained
500 Guests to Sports; Con-
cert and Dance

**BIG RE-UNION OF
FORMER PATIENTS**

Resthaven Military Convalescent Hospital was en fete yesterday when the returned soldier patients held a re-union of former patients and entertained a number of the friends who have on many occasions been their hostesses in the past. For the sports programme in the afternoon fully four-hundred visitors were in attendance, and as the afternoon wore on this was gradually increased by the arrival of parties from town and the surrounding district until, by the time dancing had commenced in the evening, the crowd of guests had swelled to about five hundred. Included among the guests were the staffs of Gordon's, Ltd., and Angus Campbell's, who have on numerous occasions journeyed out to the hospital to entertain the patients, and it was largely mainly in their honor that yesterday's affair was arranged.

Sports Programme.
In entertaining their big throng of guests the men had the assistance of Capt. McKenzie, the O. C. Acting-Matron Collis and the staff of nursing-sisters and V. A. D.'s, and with their aid the various phases of the entertainment went off with a fine swing.

The opening feature was the programme of sports held in the tennis courts, and the slight showers in no way dampened the enthusiasm of the participants. Capt. McKenzie, Capt. Thompson and Sergt.-Major Wylie officiated as judges of the events. Pte. Wren made a most efficient announcer, while Sergt. Folbigg, Pte. J. Fogarty and Pte. Bertram acted as clerks of the course. Following were the events and the winners: Fifty yards dash, children under ten years 1st heat, (1) Irene Lingle (2) Adeline Crossley; boys under ten years, (1) Mark Copinger; (2) George Wylie; 2nd heat, girls, (1) Lillian Pingle; (2) M. Goldfinch. Fifty yards married ladies, (1) Mrs. Chas. E. Wilson; (2) Mrs. Fawcett; single ladies, (1) Miss Donaldson; (2) Miss Mole. Sack race ladies and girls, (1) Joyce Aldridge; (2) Miss Helen Badger. Sack race, boys, (1) Mr. Humphrey; (2) Dallas Lingle. Egg and spoon race, (1) Miss Hole; (2) Miss Frowis. Blindfold race, (1) J. Jones; (2) Mrs. E. Temple. Wheelbarrow race, (1) Miss Hole and Mr. Humphrey; (2) Miss Jay and Mr. Humphrey. Wheelbarrow race, boys and girls, (1) Raymond Brethour and Miss Aldridge; (2) Joe Crooks and Miss Alice Canfield. Three-legged race, grown-ups, (1) Mrs. Chas. E. Wilson and J. Neary; (2) Miss Clouston and J. Jones; boys and girls, (1) Miss Mabel Crooks and Master Joe Crooks; (2) Miss Lillian Lingle and Dallas Lingle. Consolation race, (1) Mr. Fawcett; (2) Miss M. Thompson.

Excellent Concert.
At the conclusion of the sports, adjournment was made to the hospital, where a delicious tea was served in the main lounge. The tea tables, each with its decoration of sweet peas and gypsophila, were dotted about in inviting fashion, the patients acting as servitors to their guests.

Tea was followed by an excellent concert programme, to which the following contributed: Pte. Maynard, whose pianoforte solo of his own composition were received with much applause; Nursing Sister Howard, violin solos; Miss Tonka, recitation; Mrs. Turner, songs; instrumental selections by the band under the direction of Bandmaster T. Beeton; Sergt. Ingledew, impersonations and songs which were enthusiastically encored; Mr. Trace, song; sleight-of-hand and various mystifying tricks by Harold Digson; and Mr. Sloan, comic songs.

Through an unfortunate misunderstanding, Miss Eva art, Mrs. Harry Pooley, Mrs. A. J. Gibson and James Hunter, who were to have assisted in the concert programme, arrived too late, and the company was obliged to forego the pleasure of hearing these artists.

Presentation of Prizes.
During the programme George Bushby seized the opportunity to express on behalf of the visitors, an expression of thanks to their hosts, which was conveyed with three lusty cheers and a "tiger." Pte. Wren replying on behalf of the patients in a few well-chosen words.

In the interval Matron Collis presented the prizes to the winners of the various sports events, the ladies receiving handsome boxes of chocolates or bottles of perfume, and the gentlemen boxes of cigars.

Imperial Dance.
With the close of the concert programme the floor of the lounge was cleared and the band, under the direction of Bandmaster T. Beeton, struck up the notes of a popular tune, which quickly attracted the dancers. This popular pastime continued until nearly midnight. For the benefit of non-dancers a whist drive was arranged, play being held on the upper floor of the hospital.

Shortly before the hour of midnight the arrival of cars signalled the hour of departure for the visitors who collectively and individually expressed to their soldier-hosts their thanks and appreciation of what was declared to be the most enjoyable and successful function ever held at Resthaven.

HE DESERVED A CUSTOMER.

Agent—"Here's a book you can't afford to be without."
Victim—"I never read books."
Agent—"Buy it for your children then."
Victim—"I have no family; only a cat."
Agent—"Well don't you need a good heavy book to throw at the cat sometimes?"

Nobody gets mad these days if people forget to shut the door.

DAVID SPENCER, LIMITED

Scurrah's

728-730-734 Yates St. Telephone 3983

conspiracy, no hidden holes in the wall. To achieve the desired effect Rex Beach and Director Reginald Barker spent considerable time in searching for just the right thing in curiosity shops. At length they found one in the old quarter of Los Angeles, tucked in between a second-hand clothing shop and a Chinese grocer. A collection of camous lay in the window, which was littered with lamps, scarves, pins, clocks and a hundred odds and ends, and, of course, a dozing cat. The atmosphere was precisely what Rex Beach desired with the result that the curiosity shop appears in a number of absorbing scenes.

ROYAL VICTORIA

Mitchell Lewis, the new Select star, will be seen in his first Select Picture, "Code of the Yukon," at the Royal Victoria Theatre for the last time to-night. Mr. Lewis has the role of Jean Dubois, a French Canadian prospector who for a number of years has been living in the lonely Northwoods, seeking gold. His main object in life is to discover the man who wronged his sister and to make him pay. Suddenly the peace of the Northwoods is broken by a gang of gold seekers who have heard of the find that Jean has made, through "Faro" Telford, a ronegale gambler, whom Jean befriended when he found him hurt in the woods and in need of aid. Jean is forced out of his quiet existence and is unwillingly dragged into the life of the mining camp. He meets the daughter of a poor prospector, whom he later marries upon the death of her father. But Jean's wife does not remain happy with him for long.

A gang of mining crooks infect the village. They try to steal Jean's mine, and they persuade Jean's wife to run away with one of the members of their gang. Cregan, a promoter of vice in all its forms, is leader of the gang. Jean later finds out that Cregan is the man who wronged his sister. Cregan and Jean finally meet to fight for the wrong-doing of the dead girl. Jean is about to kill Cregan when a Higher Power takes things into His own hands and Cregan is killed by lightning. Jean's wife turns to him, and he gives her and they are once again made happy.

PRINCESS

Fun and merriment will reign supreme to-morrow evening at the Princess Theatre when the opening performance of the world famous comedy, "The Private Secretary," will be staged. Mr. R. N. Hincks, who will himself appear as the Rev. Robert Spalding, has gathered together a splendid company and a most excellent interpretation of this very popular play is assured. A huge success is already predicted, the rehearsals going with a swing that bodes well for the excellency of the production. It is safe to say that popular and excellent as previous productions may have been an entirely new standard will be set by the splendid characterisation of "The Private Secretary," which Mr. Hincks and his merry band of players will perform for the public amusement and entertainment commencing to-morrow evening next.

COLUMBIA

The newest things in sports clothes, as worn by Violet Dana, will be seen in her latest play, "Satan Junior," the clever Metro production which will be shown at the Columbia to-day and for the balance of the week. This little star is seen in a dare-devil role which calls for appropriate and smart clothes for every phase of out-door life.

Among those who wear suits of heavy sports silk, jersey cloth and washable satin of the newest shades, while stunning riding clothes, consisting of breeches and a three-quarter coat of the latest English cut, are also worn by the little actress who excels in all athletic sports. Miss Dana is seen in her happiest style and great credit is due her leading man, Milton Sills, who plays the part of the dramatist. Others deserving special mention are Lloyd Hughes, Alice Knowland, Frank Currier, Lillie Leslie and George King. The picture was directed by Herbert Blanche under the personal supervision of Maxey Karger, director general, and is a screen adaptation of the successful novel Diana Ardway written by Van Zo Post and published by the J. B. Lippincott Company.

ROMANO

Bert Lytell, star of the Metro presentation, "Blind Man's Eyes," a strong dramatic play of power and romance which will be shown at the Romano for a three-day engagement beginning to-day, has reached an enviable position in his screen

career which is due both to hard work and dramatic genius. Mr. Lytell comes of artistic lineage and is an actor by inheritance as well as education. His mother and father were both known to stage fame and his grandfather was J. K. Mortimer, for many years one of Augustin Daly's most brilliant stars. He was born in New York but was educated at Upper Canada College. Upon his graduation he gave himself up to the drama, where he has attained well-merited fame in many successful plays, the latest being "Mary's Ankle," in which he was co-starred with Irene Fenwick. His motion picture career began with Metro in "The Trail to Yesterday," since when he has appeared in such productions as "No Man's Land," "Boston Blackie's Little Pal," "Unexpected Places," "Hitting the High Spots," and "The Spender."

PANTAGES

Miss Eva, of Bell and Eva, the opening act on the current bill of Pantages vaudeville, has had a remarkable career. As a woman acrobat she more than holds her own with the best of the men in the business. She got her chance when just ten years of age, in her uncle's circus, and has been making good ever since. She holds several records for women's work in the line. She has a record of sixty-five consecutive standing back somersaults from the ground, which is more or less a feat for a male acrobat. Yet she is the only woman in the profession doing this brand of somersaults. To the uninitiated, a standing back somersault from the ground is one in which the acrobat leaps backward from a standing position and, without having touched the hands or any other part of the body to the ground lands on the feet. She further explained that she is well known to the profession as a "sawdust actor" her home being Saginaw, Mich., which is also the home of a great number of the best acrobats. The term "sawdust actor," she explained, "derives from the fact that the acrobats from this city get their original training on the sawdust floor of the circus ring. In preparing for professional acrobatic work, she went on, the "stunts" are first learned with a rope and around the body. After trying the trick a few times this way," she says, "the rope is taken off. If you don't go just the same without the rope as with it, you fall and take a chance of getting hurt." She performs several particularly hazardous stunts in her team's trampoline turn at the Pantages this week and it is one of the best openers in vaudeville.

ORPHEUM BEGINS TO-MORROW.

The programme which will be presented by Miss Beulah Clayton at the opening performance of Orpheum vaudeville at the Royal Victoria on Friday with performances on Saturday matinee and night, will be far and away the most pretentious offering this celebrated danseuse has yet submitted to the public. In addition to her own dances she is this season assisted by those celebrated Spanish dancers, Elisa and Eduardo Casnino who have on two or three occasions headlined the bill over the Orpheum themselves. They Casninos will take a prominent part in Miss Clayton's dance revue of 1919, supplemented by James Clemens, Frank Hurst and Wilbert Dumas who again will be supported by a company of clever artists. Miss Clayton styles her act "A Nineteen-Nineteen Dance Revue," and goes from the minut of the times of the Louis of France and the early colonial days in America and ballet dancing or the poetry of motion to a melange of dances said to be absolutely modern and up-to-date.

VANCOUVER ISLAND NEWS

Mayor McKenzie on Monday evening invited the Nanaimo aldermen to meet in committee at the close of the Council meeting to arrange a fitting reception to His Royal Highness the Prince of Wales on the occasion of his visit to Nanaimo on September 25.

Overseas Club Visitor. Francis R. Jones, F.R.G.S., of London, England, Special Commissioner of the Overseas Club and Patriotic League will visit Nanaimo on Tuesday, September 2, and during his brief stay will be the guest of the Board of Trade at a luncheon in the preparation and carrying out of which the assistance and co-operation of the L.O.D.E., Red Cross and other local patriotic organizations will be solicited.

The decision to give a luncheon in honor of the visitor was made at the regular meeting of the Board of Trade Tuesday evening, arrangements for the function being left in the hands of the Reception Committee. Mr. Jones will speak on the origin and Empire wide work of the Overseas Club, and outline a few of his future activities, including "Promotion of British Trade Within the Empire," "Conservation of the Manhood of the Empire" and "Overseas Club Influence in the Emigration of British Subjects to British Dominions Overseas."—Nanaimo Herald.

Won Distinction in War. Pte. Gordon Clark of Nanaimo, formerly of the E. and N. station staff, has arrived in Vancouver from overseas, where he has served for three years. Three other brothers served in the war, one, Allan Clark, being killed about four years ago. Don Clark enlisted four days after the war was declared. Charles Clark won a military medal when with the 102nd battalion, being wounded five times.

Annual Field Day. The fourth annual Field Day Mine Rescue and First Aid Competition under the auspices of the Vancouver Island Mine Safety Association will be held on the cricket grounds, Nanaimo, on Labor Day, Monday, Sept. 1, commencing at 10 a. m. Included in the big events of the day are: Mine Rescue Competition open to the mining world, for the V.I.M.S.A. Shield, 1st and 2nd prizes, and 3rd prize. First Aid Competition, team event, open to the mining world, 1st and 2nd prizes. B. C. Department of Mines Cup, 1st and 2nd prizes. W. L. Coulson Cup, 1st and 2nd prizes. V.I.M.S.A. juvenile cup, (16 years and under) 1st and 2nd prizes. Two man event, 1st and 2nd prizes. One man event, 1st and 2nd prizes. Teams are expected to enter from eastern B. C., Nicola Valley, Washington state and all mining centres on Vancouver Island, entries to be in with Secretary W. H. Moore, P.O.

Box 794, Nanaimo, not later than August 27.

Resumes Practice. Dr. McIntyre, who since his return from overseas some months ago, has been medical officer in charge at the Qualicum Convalescent Hospital has received his discharge from military duties and will practice in Nanaimo. Dr. and Mrs. McIntyre have purchased the Skinner residence on Chapel Street.

Completes Island Tour. Major F. A. Robertson, chairman of the B. C. Returned Soldiers' Aid Commission, who has been in Nanaimo for the past two days looking after the interests of local returned men, left this afternoon to return to Victoria, having just completed a tour of Island points, including Nanaimo, Courtenay, Cumberland, Alberni, Ladysmith and Duncan. The Major, who is himself a wounded veteran of the war described the commission he represents as being the official friends of the returned men.

NANAIMO MAIL TO GO BY AEROPLANE

Pathfinder Will Carry First Aerial Mail to Coal City on Saturday

The suggestion of the Victoria branch of the Aerial League of Canada for the conveyance of mail matter from Victoria to Nanaimo on the proposed flight on Saturday next, has been approved by the Post Office Department, and letters and papers may be carried on this flight provided the necessary postage is prepaid and the postal regulations generally observed. Anyone sending mail matter by this means must understand that they assume all risk for the conveyance of the same, and must indicate their willingness to do so by endorsing such mail matter with the words "via Aeroplane." Letters or papers so endorsed and prepaid by postage stamps may be posted in the Victoria Post Office up to 12 noon on Saturday, August 16, or left at the office of Lieut. W. H. Brown, Secretary of the Victoria Branch of the Aerial League of Canada, room 204, Union Bank building. The Aerial League wishes the public to understand that the proposed flight is by way of an experiment only, and it is hoped that should it prove successful and subsequent flights found to be necessary, a mail service by aeroplane may develop into a definite proposition. With this end in view the public will no doubt take advantage of Saturday's flight to ensure the quick delivery of their correspondence at Nanaimo.

HOW TO STOP BEING NERVOUS

Nothing Like Plain Bitro-Phosphate to Strengthen Weak Nerves and Increase Strength and Vigor.

According to a noted French Scientist, the most effective remedy for nervousness, insomnia and ailments due to depleted nerve force, is a form of organic phosphate known among druggists in this country as Bitro-Phosphate. It is described as a substance which is similar in composition to the phosphorus naturally found in brain and nerve cells and, being easily and quickly assimilated, the work of creating nerve force, strength and vigor begins immediately it is taken into the human system. There are many reports of astonishing results from its use, some showing remarkable improvement even in stubborn cases of long standing nerve weakness. As there are many kinds of phosphates, care should be exercised to procure the genuine Bitro-Phosphate. It is sold by Cyrus H. Bowes in Victoria and all good druggists.

elist has chosen this locale for some of the most interesting scenes in "The Crimson Gardenia," newest of his novels to be produced for Goldwyn is showing at the Dominion Theatre.

The curiosity shop has been a rich field for novelists. Like the conglomeration of articles to be found there, anything and everything can happen in one. With Dickens the curiosity shop stood for the background of a quaint and charming romance. But in "The Crimson Gardenia" it is more. Described by Rex Beach as "a jumbled interior with counters, shelving and floor space exhibiting Papa La Forge's wares, it is dim in the corners, light only coming in from the open street door and windows. A cabinet is against one wall. Behind this a hidden opening is worked by a concealed spring."

In the Rex Beach play the curiosity shop is the hiding place of a criminal and everything depends on the amuse repose of the shopkeeper. The Dickens curiosity shop, on the other hand, was the scene of the quiet, heartfelt love of an old grandfather for Little Nell. There was no

AUTO RACERS ARE ARRIVING IN CITY

Big Batch Due To-morrow; Six Entrants For Local Racing Events

A particular distinction will mark Victoria's big automobile race meet which will be held at the Willows on Saturday afternoon, commencing at 2.30 o'clock. Harry Whitney Treat, capitalist and sportsman of Seattle will act as starter. E. J. Cameron, better known as "Toots" is shutting up his business in Vancouver, where he is distributor for the local racers, and will act as referee. He is an old racing man himself and had raced with the best men that ever appeared on a race track. For the reason that he is extremely well versed in the rules of the game, the local Automobile Dealers' Association, which is putting on the race meet, are greatly pleased that he has accepted their invitation to referee the races Saturday. Some of tickets are extremely brisk and local dealers are surprised at the rush that has been experienced during the past day or two. Telephone messages from all parts of the island are coming through requesting reservations. Tickets may be obtained from any of the local automobile dealers and George Lillie of Lillie & Woods, Douglas Street, accessory dealers, is in charge of the sale.

Race Officials.
 The following are the race officials who have been elected by the local automobile dealers:
 Referee—E. J. Cameron, General Clarke.
 Starter—Harry Whitney Treat.
 Judges—J. A. Ritchie, G. Chas. McIntosh, M.P., Arthur Cole.
 Scorers—Mr. Fennel, J. G. Patterson, Ray Meldrom, Ben Grossman, James Woods.
 Timers—W. H. Wilkinson, Frank Sweeney, Lester Patrick.
 Local Racers.

Great enthusiasm exists among local automobile race fans over the local entrants. Entries for the local event closed at noon to-day with the following lined up as contestants for the prize offered by the Victoria Automobile Dealers' Association: Wallace Ferguson, in a Chalmers car; S. D. Fetherston, in a Franklin; Leo Sweeney, in a McLaughlin; J. A. Cartier, in a Winton Six; W. J. Rennie, in a Ford; R. Graham, in a 90-horsepower Buick.
 Louis Nelson, the clever Victoria driver, is taking part in all the professional events and it is expected that he will make a splendid showing, if he does not carry off first honors.
 Several of the professional drivers have already reached the city, the latest being W. H. McDonald, who will race in a 16-valve Ford racer. He reached the city this afternoon from Seattle. Harry Hooper, in his Yellow Kewpie, also arrived this afternoon from Vancouver.

To-morrow the Sol Due will bring four racers, Jack Ross, George Loth, Bill Giddings, and a Mercer Special.
 Finger-print Expert on Visit.—Detective E. C. Lane, finger-print expert with the Edmonton detective department, is in this city on a short visit. He is on his way home after attending the convention of the International Association of Identification which was held in Berkeley, Cal. Mr. Lane is a great supporter of Victoria. He visited here last year and decided to renew his acquaintances on his present tour.

CHARTER IS ISSUED FOR RADIO TELEPHONE

Canadian Radio Telephone & Telegraph Co., Incorporated With \$2,000,000 Capital

The Canadian Radio Telephone & Telegraph Co., Ltd., among the companies listed to-day for incorporation and capitalised at \$2,000,000, is a San Francisco syndicate which proposes to exploit the wireless telephone, with headquarters at Victoria.
 The wireless telephone system will have a big field in British Columbia, as it is proposed to utilize the system where the telegraph is not available. Such a system will prove invaluable in fighting forest fires and giving communication to inaccessible parts.

Doctors Use Adler-i-ka!

"I use Adler-i-ka in ALL bowel cases with great success. Some cases require only ONE DOSE." (Signed) Dr. W. A. Linn, Westbaden, Ind.
 Adler-i-ka flushes BOTH upper and lower bowel so completely it relieves ANY CASE of gas on the stomach or sour stomach. Removes foul matter which poisoned stomach for months. Often CURES constipation. Prevents appendicitis. Adler-i-ka is a mixture of buckthorn, cascara, glycerine and nine other simple ingredients. Hall & Co., Druggists, 792 Yates Street.

FETE AT MATTHIAS

Yesterday's Event Netted \$202; Presentation of Purse to Rev. W. G. Boyd.

The funds of St. Matthias' Church, Fowl Bay, were augmented by \$202.15 as a result of the successful fete held in the grounds adjoining the church yesterday. Mrs. John Hope presided at the opening ceremony at three o'clock in the presence of a big gathering of parishioners and friends, who afterwards made many purchases at the attractive stalls.
 An interesting feature of the afternoon was the presentation to Rev. W. G. Boyd and Mrs. Boyd with a purse as a farewell gift from the parish on the eve of their departure for Minister, Isle of Thanet, England, where Mr. Boyd will assume the duties of rector.

The many attractive stalls included Needle work, the W.A., convened by Mrs. Randall and Mrs. Hughes; art and superlatives, Mrs. Willis and Mrs. E. J. Harris; home cooking, Mrs. Fowler and Mrs. Echam; garden produce, Mrs. Davis and Mrs. Ford; flowers, Mrs. E. A. Harris and Mrs. Hamilton; Junior W.A., Miss E. Brown; ice cream and candies, Mrs. Adie and Mrs. Corry; afternoon tea, Mrs. Cox, Mrs. Rose and Mrs. Owen Smith, and a photographic snapshot studio, Arthur Lowe.

Mayor at Seoke Lake.—Mayor Porter spent this morning looking over the water; works system at Seoke Lake, accompanied by Water Commissioner Preston.

OPEN AIR CONCERT THIS EVENING

HERBERT KENT, Conductor.

Had a Very Bad Attack

OR
 Bowel Complaint.
 IT WAS CURED BY
DR. FOWLER'S
 EXTRACT OF WILD STRAWBERRY

Any one suffering from bowel complaints such as diarrhoea, dysentery, colic, cramps and pains in the stomach, summer complaint, etc., will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market to-day.
 The old tried and proven medicine has been on the market for the past 74 years. You don't experiment when you buy it. Surely the test of time proves this.
 Mrs. Daniel Hartwick, Mountain Grove, Ont., writes: "I used Dr. Fowler's Extract of Wild Strawberry and have found that it is a good remedy. When my little girl was 2 1/2 years old she had a very bad attack of bowel complaint. Nothing prescribed by the doctor seemed to do her any good. She got worse, until we thought we would lose her. I got a bottle of 'Dr. Fowler's' and she soon found relief. Every one who has children should not be without it in their home. Price 35 cents a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont."

Major Sherman Visits Here.—Major N. C. Sherman and family have arrived in Victoria and are staying at "The Angela." Major Sherman left Victoria early in 1915, and was in Ottawa as inspector of artillery stores for over two years, afterwards being assistant superintendent of Quebec and Lindsey Arsenal. He relinquished the latter appointment to go with the Canadian troops to Siberia returning to Canada in June. Major Sherman's present appointment is that of Inspector of Ordnance Machinery, Western Canada.

MRS. FREEMAN HAS LEFT FOR ENGLAND

Transportation Made Possible By Generosity of Times Readers; Soldier's Widow

Mrs. Freeman, widow of the late Private Clement Freeman, on whose behalf The Times made an appeal some months ago, left on Sunday last with her two children for England, where she will make her home with relatives. It will be remembered that the death of Pte. Freeman left Mrs. Freeman and her two children in dire circumstances, all three being seriously ill with influenza and practically penniless. The Times was approached with a view to taking up a subscription to enable the little family to return to England, the young widow having no relatives in this country. As a result of that appeal the sum of \$644.82 was subscribed by generous readers.
 Some months elapsed before the necessary passports could be obtained, and in the meantime The Times advanced the sum of \$200, in regular payments, to Mrs. Freeman for the purchase of the necessaries of life. A short time ago Mrs. Freeman stated that she had reconsidered her decision and would remain in Canada, whereupon The Times, feeling that the balance of the money, which had been collected for a specific purpose, should be refunded to the subscribers, returned to those whose names were known the proper proportion of the balance. Subsequently however Mrs. Freeman definitely decided to return to England and The Times accordingly purchased the necessary transportation, and she is now on her way.
 Following is the financial statement of The Times fund:
 Payments to Mrs. Freeman, \$200; refunds to subscribers, \$62.05; telegrams re passports, \$2.00; passport fee, \$2.00; ticket, Victoria to London, Eng., \$255.10; balance to Mrs. Freeman, \$126.64; total, \$644.82.
 Civil Service Convention.—The verbatim report of the proceedings at the first convention of the Provincial Civil Service Association held in Vancouver last month has been prepared, and is now ready for distribution to the various branches throughout the province.

GARDEN FETE AT ROCKSIDE.
 At ROCKSIDE FARM, the other day, a Garden Fete took place. Where thousands of the feathered tribe, all elegance and grace, in gorgeous summer plumage were most fashionably attired. There, even "Brighton-Young's" old hens were very much admired.
 Proud, dainty cockerels paid their court to pullets young and gay. They wore no waiting, correct coats, least so the papers say. For music, Madame Holstein lowed a most melodious tune. While in his sty Sir Roger Bacon played the deep bassoon.
 When all was perfect harmony, a whirling sound was heard, and in the air appeared a most gigantic, dreadful bird. It scard and snorted goodly company, it seemed a weird reminder: An awful message borne to EYEBALLS by the great "Pathfinder."
 "Seattle was in fearful straits, and could Joe Rylands send ten thousand chickens, nicely dressed, for certain, each week end?" Ah! Then was hurrying to and fro, and cheeks yet paler grew. As terror stricken, they all feared a second "Waterloo."
 Then Rylands' face grew stern and grim. Quoth he, "Send this reply: The Elite of Victoria I've promised to supply. The C. P. R., the best hotels, the great Grand Trunk as well. Seattle, you had better send your order straight to Heaven!"

VOTE AGAINST O.B.U.
 Union was read at the meeting, and its clauses considered in detail. The civic officials determined that the plan was too revolutionary and that it would not be wise to break away from their international affiliations.
 The One Big Union scheme has also been turned down by the steam and operating engineers.
 Bank Clearings—Clearings for the week ending to-day were \$2,264,352, as compared with \$2,221,041 in the corresponding week of 1918.
 Affiliation with the One Big Union was voted down by the Civic Employees Protective Association last night by a five-to-one majority, the decision favoring the scheme, previously made by the union, thus being reversed.
 The constitution of the One Big

READY TO WELCOME EDITORS IN SEATTLE

Launching of "Editor" Will Occur on Saturday Morning

Seattle, Aug. 13.—Preparations are going ahead in the Skinner & Eddy plant for the launching of the 8,600-ton steel steamship Editor on Saturday morning in honor of the members of the National Editorial Association, which continues its annual convention here Friday.

The world-famed yard will live up to its old reputation of staging a launching ceremony that will take on the proportions of a big spectacular production.

In accordance to the launching platform, built to hold 500 persons, the editors will pass under a triumphal arch symbolic of the might of the pen. Everywhere they gaze they will see something to arouse their enthusiasm, including huge cartoons, emblems and paintings.

Mrs. Hardy to Officials Foreman Painter Thomas Raines and his assistants, A. F. Shepherd, Neil Neilson, A. N. Trew and E. H. Yelton, are giving almost undivided attention to spectacular features that will make the editors feel at home. Shepherd and Neilson are old newspaper men.

The launching ceremonies will begin at 8:15 o'clock with an address by Francis Patrick Goss, chairman of the Press Club, committee on entertainment for the national convention.

The responses will be delivered by D. E. Skinner, president of the Skinner & Eddy Corporation; Congressman Guy E. Harp, of Canon City, Colo., president of the National Editorial Association, and Charles E. Claypool, of the Press Club. Mrs. Hardy, wife of Congressman Hardy, will christen the new steamship.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of its appearing in this publication, unless the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

CONCERNING ESQUIMALT.

To the Editor.—The letter which appeared in your issue of this evening under the above heading was a prophetic forecast of a deputation waiting upon the Esquimalt Council of fifty years hence in furtherance of a feeling the present 1890 Municipal Council, which supposedly had braved the battle and the breeze during the intervening years, should be replaced by a structure more worthy of the municipality. The year was stated as 1940 in the manuscript but it was given at 1919, to the prejudice of the prediction.

JOHN T. H. E. BAPTIST.

WORKMEN'S COMPENSATION.

To the Editor.—I am an ex-soldier, having fought through the Sudan Campaign, where I earned the V. C. I have been in the employ of the City Corporation for the past six years as teamster and I met with an accident on February 11 last on Esquimalt Road, at the corner of Catherine Street, in the execution of my duty caused by a Government automobile striking the nose of the horse, thereby making me back up, and in doing so I was knocked down, and falling on the car rail injured my spine and ligaments of my back. I have been under the treatment of Dr. Paul Higgins since the accident up to the present time, and am still unable to resume my duties.

The Workmen's Compensation Board paid me for three months, when I was asked by the board to be examined by Dr. Fraser, who asked me after the examination if I expected the Workmen's Compensation Board to keep me the balance of my life. Dr. Fraser told me to go to Mayor Porter and try to procure a position as night watchman. I did so, and Mayor Porter told me that he did not think that I was able to accept a position as such owing to not having recovered from my accident, and he remarked that I should go home and go to bed, which I did. I was afterwards examined by Dr. George Hall, of Victoria, who reported that, owing to my age and injuries received, recovery was tedious, and if I was thirty years younger I would have been well and at my work. I received a letter of introduction from His Worship the Mayor to the chairman of the Workmen's Compensation Board, which was sitting at the Parliament Buildings on July 13, 1919. I appeared before the board on that date and asked them to reconsider my case, as I had information from them that nothing could be done for me in the way of further compensation. Dr. G. A. B. Hall was asked by the board to give me a further examination. He did so at the Parliament Buildings and reported my condition I presume, to the board, as on July 25 I received a letter from the board stating that compensation is only paid for such a disability as is due to accident, implying that my disability is due to other causes than the accident.

If those gentlemen of the Workmen's Compensation Board can bring forward evidence to prove that I was in falling health at or before the accident I would be willing to refund the three months compensation pay I received. It seemed to me that those gentlemen of the Compensation Board are in their positions not as intended to help the working man, but to put every obstacle in the way to prevent him from getting his just dues.

From what I can gather it would have been better to have left the insurance of the workingman in the hands of that in former times before the Government took it over. It was expected that every man would get his just due by having this placed, as was thought, under Government supervision. For my part, let it again revert to private companies who had the record of paying their claims. I never heard any complaints of their not doing so. I wish to thank His

REALTY MEN ARE INCENSED ABOUT FEDERAL STATUTE

Exclusion From Land Trading With Returned Soldiers Condemned

RESOLUTION PASSED AT LOCAL MEETING

"It is not so much a question of the commissions the real estate men are deprived of, but it is the stigma that has been placed in real estate men throughout the Dominion. Nearly sixty per cent. of the realty profession went overseas. On their return to take up their business they strenuously object to being classed as second-class."

The foregoing statement was made at the meeting of the Victoria Real Estate Exchange yesterday afternoon by Beaumont Boggs. It was said in criticism of the Act passed by the Dominion Parliament before the close of the war, by which real estate men are excluded from acting in any land transaction which comes under the Soldiers' Settlement Board. The Board has its own valuator to appraise lands proposed to be taken up by returned soldiers wishing to avail themselves of the assistance in the way of financing from the Settlement Board.

Conversant With Conditions. Mr. Boggs felt confident that had the Government recognized the fact that realty men had been making their property along for years; that they were conversant with every circumstance connected with land conditions and that they were loyal business men who would have been glad to have assisted returned men by cutting the commission in two, something worth while might have been accomplished.

This meeting was largely attended, and the various speakers were all incensed at the Government's attitude as a reflection on their profession. It was stated that many returned men had characterized the Act as an outrage.

H. W. Hart, when asked to speak, said that he was merely present to bring up the meeting for the B. C. Veterans' Weekly, and could not speak for the G. W. V. A. Personally, he understood that the Act had been passed as a result of the unscrupulous acts of realty men in the East, and the Government had taken that means of preventing the exploitation of the soldier settlement scheme for private gain. Options had been taken on land by agents, who then tried to unload it to the shoulders of the returned men for much more than they had paid. He did not think the returned men would wish legislation of the sort unless there were very good reason for it.

Mr. Hart also pointed out, however, that the Act prevented the returned soldier who had quit his business to go overseas from taking up his calling and this was a very great injustice.

President's View. President C. T. Cross, of the local Real Estate Exchange, said that protests were continually being received by the executive committee from agents who had spent much time and money trying to find suitable locations for returned men, only to find their efforts wasted through the passage of the Act mentioned.

As soon as it was learned that the Act had been passed, the Victoria and Vancouver Realty Exchanges had wired protests to Ottawa, to which the following answer was received: "Bill passed before your wire arrived. Minister states clause was absolutely necessary on account of unscrupulous agents exploiting returned men." "This shows that the Act was rushed through and also that the serious reflection of the integrity of realty men, who form an important part of the community and are a

class that during the war did their full duty," said Mr. Cross.

Black Sheep Everywhere. Mr. Cross proceeded to say that there are no unscrupulous agents, but it is claimed that the real estate business is as free from crooks as any other profession or business. There are black sheep among the clergy, Sunday School superintendents, doctors, lawyers, etc., and some of these are in jail, but the public does not condemn the class because of the few who have been found out.

"In what way could the agent get the better of the returned men and the Government if allowed to act for the soldier? The Government has established boards to investigate each transaction. On each board are three or four men of conceded high standing, three of whom serve without remuneration, and they have under them a group of employees who hold the position of valuers and have property proposed to be purchased by each returned man, if the price asked is beyond the value according to the Government valuer, then the board would of course turn down the deal, so that the Government and the returned men are quite safe provided the valuer was appointed because of his ability, integrity and knowledge of values and not because of his pull.

Government Indictment. "While the Act casts serious reflections upon real estate men, it is indirectly a more severe indictment of the Government valuers and of those who secured their appointments, as it suggests that they are either incompetent or worse.

"Had the authorities been wise they would have acted as did the United States Government during the war and used reliable real estate men to see that the Act was carried out with justice both to the buyer and seller. With the boards composed largely of real estate men with local knowledge, very little fraud would have been attempted, as the most unscrupulous agent would hesitate to take a crooked deal to men having local knowledge and pride in their business integrity.

"At the first on some of the boards real estate men of the highest standing were placed, but since the passing of the Act it is hard for any self-respecting realtor to act on such a board for fear of insinuation as to his conduct.

Hurts Returned Men. "Another point is that the Act will prevent the soldier having any chance securing much of the best property, as many owners at least in B. C. are non-resident and business is done through their agents. Again, in the case of women owners, few of them would be willing to place themselves in the hands of even Government representatives when advised that they are not allowed the benefit and aid of agents of their own choice to conduct the business for them.

"It has become altogether too common for Governments from municipal up to, knock the real estate agent and blame him for anything that may be amiss in the body politic, but they never hesitate to call upon him for assistance and advice in any matter that requires a broad viewpoint and influential counsel.

"As a matter of fact, the real estate man is no politician as a general rule, he is too busy looking after his business and the business of his clients to pay attention to political matters and therefore is considered a fitting target for those who hold office but are incompetent properly to carry out their duties."

The Resolution. All of the speakers followed in the same strain and finally Messrs. Lineham, Wolfenden and Whitmore were appointed a committee to draft a resolution which all other realty exchanges will be asked to support.

The following is the resolution as drawn: "Whereas the Dominion Parliament has passed an act entitled the Soldiers' Settlement Act, 1919, known as Bill 95, whereby no real estate agent shall be permitted to receive a commission on any lands passing to the Soldiers' Settlement Board for use of returned men; "Where such act was passed without opportunity being given real estate agents throughout the Dominion to express their views and to protest against what in their opinion is an unjust and arbitrary measure, and moreover is particularly hard on those members of the exchange that have served overseas and are now returning to their former occupations; "Stigma on Profession. "Whereas it is the opinion of this meeting such act is not only a stig-

ma on the profession, but is not in the interests of the returned men, as without the agents' assistance they are put to unnecessary expense, delay and inconvenience, to say nothing of the want of expert knowledge concerning values and locations;

"Whereas the Government by careful selection of their valuers has it within its power to protect the soldiers from unscrupulous agents, with which measure this association agrees;

"Whereas in many cases the agent is in a position to obtain a prospective purchaser to assist his land at fair value and curb the exorbitant demands of the owner;

"Whereas invariably the agent is attorney and sole representative of absentee owners and without his assistance many favorable opportunities to acquire suitable land will be missed;

Maximum is Five Per Cent. "Whereas under our constitution no commission in excess of five per cent. may be charged on sales of real estate, except under special written contract, under penalty of dismissal from the association; which commission we maintain is a reasonable and legitimate remuneration for services rendered, and further such commission, in the majority of cases, is paid by the owner and not by the purchaser;

"Therefore be it resolved that this association requests an amendment to the aforementioned bill by which section 41 is entirely eliminated and that copies of this resolution be sent to the Hon. Prime Minister, members of the Cabinet and the Island members of the House and Senate."

If Thin, Nervous, Run Down, Depressed, This Will Help!

The wear and strain of life has tended in recent years to produce nervous debility in a large percentage of our population.

Thousands are affected with a feeling they can't exactly describe. They are always tired and droopy, lack ambition, have poor appetite, look pale and suffer from depressing headaches and insomnia.

This condition is full of peril. It is the stepping stone to invalidism, the beginning of a shattered constitution.

We advise everyone in this condition to take a good medicine at once and try to get well while yet there is time.

Probably no better advice can be given than to use Dr. Hamilton's Pills, which have become famous in restoring the sick to good health. A general toning up of the system at once takes place. The whole body is vitalized by rich and purer blood. The appetite is increased, food is digested and naturally strength rapidly increases. Headaches go because the bowels are regulated and all wastes are carried off.

There is no experiment about using Dr. Hamilton's Pills because they certainly restore the sick, as a trial will quickly prove. Just as good for the old as the young, and suitable to the needs of women and children. This grand family medicine should be in every home.

NEWS AND NOTES OF THE MINES

HAZLETON'S FUTURE

Summarising the prospects of mining around Hazelton. Dr. J. J. O'Neill, in his preliminary report just issued by the Geological Survey says:

"There are several properties in the silver-lead-zinc group, and in the copper-gold group, which are not being worked, and which have showings indicative of a considerable amount of milling-ore and more or less high grade ore. These properties have been partly developed, but work on them has been shut down from lack of capital, the cost of mining and shipping the high grade material being prohibitive without returns from the milling-ore which must be opened up or extracted in mining the high grade ore."

"For example, the claims on the north face of Ninemile mountain form a blanket which covers the whole upper slope and extends for two miles horizontally. These claims are divided into small groups under separate ownership several claims or groups, and milling-ore is common to all the groups, but only a few have outcrops of high grade or shipping-ore sufficiently large to tempt prospectors to exploit the property for that alone. The conditions in the area are such that the whole western half at least could be worked from one camp—a one mine with a common tram system. An aerial tram, less than two miles in length, would connect the workings with a mill-site on the Shegunia river where the power necessary for operating the mines could be developed."

"On Rocher Deboile mountain, especially in the Juniper Creek basin, the Rocher Deboile mine is the only property which is in a position to carry on mining to the best advantage. The various properties, though not favorably situated for complete co-operation, would be immensely benefited by co-operating in securing a central power-station, a common mill located on Juniper Creek, and a common tram system for carrying their concentrates and shipping ore to the railway. A good system of accounting would readily determine the proportion of cost of operation to be borne by each property."

"In conclusion it may be said that the district about Hazelton offers an excellent example of mining conditions over which a certain amount of government supervision would be of great advantage to the properties concerned, and to the country as a whole. If general co-operation were made compulsory in cases like this, it would tend to more efficient development of the district as a whole, and ensure a thorough test of all likely properties at a minimum expense. It would also conserve a large amount of valuable mineral in lower grade properties, which under present conditions will be wasted, or rendered unavailable for extraction at a profit by the exhaustion of the more valuable ones."

"All properties in the district are within reasonable distance of railway transportation; there is an abundance of water-power and of timber for mining; the veins are strong and contain deep vein minerals, and, therefore, may be expected to hold their values to considerable depth; the climate is good, and the labor market fair. With all these advantages it seems unwarrantable that properties should remain unworked."

THE NUGGET MINES.

R. S. Lennie of Vancouver, representing the Nugget Gold Mines, Ltd.; N. T. Burdick of Burdick Bros. & Brett, Ltd., mining brokers of Vancouver and Victoria, and R. H. Stewart, consulting mining engineer, have returned from Sheep Creek, after a thorough examination of the development work now going on in the Nugget.

Speaking of the results of the examination, Mr. Lennie, said: "Our visit was for the purpose of inspecting the development which was commenced last March on the combined Nugget and Mother Lode properties, which were associated by the amalgamation of last year. This consists of a tunnel starting in No. 5 tunnel of the Mother Lode, at a point 900 or 1000 feet in. This new tunnel is now through the Mother Lode ground and has entered the Nugget ground, and has been driven in at about 650 feet, and it is going in at a rate of eight feet a day, which is about as was estimated at the commencement. "We were much pleased with the

showing made, the work being carried out as originally outlined by Mr. Stewart. We find the underground conditions at the horizon on which we are driving similar to those on the upper levels, and this confirms us in the belief that we will strike the veins at that depth in the same condition as at the levels above."

"In some instances we were delayed by very tough quartzite, but we appear to be through that now, and we strike the first of the three veins we are driving for about Sept. 15."

STRIKE AT PAULSON

Word is brought from Rossland that a strike has been made on the property of the Molly Gibson Burnt Basin Mining Company at Paulson, where Contractor Terlick, who is driving a long crosscut tunnel, reports striking ore in the tunnel at a distance in of 242 feet. It is estimated that the strike is about 300 feet in depth from the surface says the Nelson News. The ore body struck appears to be the same ore body that is exposed in the shaft above, as water from the shaft is now draining into the tunnel. Neither the width of the vein nor the values it carries have yet been determined, but the whole face of the tunnel is in ore.

ROAD TO SALMON RIVER

Wagons got up Salmon River as far as Nine Mile for the first time last Wednesday says the Cassiar News. The Premier road is now completed through to that distance and except for some places the ore highway is in good shape. A distance of nine miles from the beach over which they can freight with wagons is important to the mining companies in getting supplies. Heretofore it has been necessary to use pack horses altogether.

This road will be in good shape by the time the Premier road up the valley as a temporary stage on this winter, the cost of obtaining supplies at such mines as the Joker, Forty-Nine and Big Missouri will be considerably reduced. Expenses of opening up the Salmon River stage have been unusually heavy by reason of the lack of transportation facilities. But the operators have held courageously to their work and the ore bodies disclosed prove they were justified. Several properties may make trial shipments this winter.

BORNITE ORE STRUCK.

That some borinite ore has been encountered in the shaft being sunk on the Mountain Chief copper property at Renata, and that shipments of ore to the smelter will commence in a few days, were announcements made last night by J. W. Evans, manager of the Mountain Chief Mining company, who is in Nelson.

The Mountain Chief, which has a copper-silver ore, was bonded last February by the company, from the original syndicate, which has some development last year. Since the change of ownership development has been continuous, consisting of a large shaft sunk from the outcrops which now at a depth of about sixty feet. While the ore has continued to improve with depth, it is the past week that has brought the greatest improvement, this being caused by a substantial percentage of borinite coming into the cherty borite ore body which has been under development the past month.

It is now proposed to drift for a time in this ore, the drift starting with a face of nine feet before continuing the sinking. Two shifts are being worked.

INTERIOR MINES.

Joe Hicks who is interested with Mr. Latham in some claims on Boulder Creek on the Bulkley River about twenty-two miles from Hazelton has just returned after completing his assessment work. He has cut out a horse trail five miles up the creek to facilitate getting supplies up. The claims are a silver-lead proposition with exceptionally heavy values in the former says the Interior News, Smithers.

Henry Bretzins came down from the Debutenue Group to meet Mr. C. H. Clothier of New York, who is now in this area, the drift starting with a face of nine feet before continuing the sinking. Two shifts are being worked.

SOME FAMOUS BRITISH CLOCKMAKERS

The reputation of the English clockmakers of the seventeenth century for the excellence of their work stood so high that their Dutch rivals are said actually to have gone the length of forging the names of the British makers on their own goods. Indeed, the records of the Clockmakers Company of London show that in 1704 the master declared that the names of English clockmakers such as Tompion, Windmill, Quare and others were being affixed to clocks made in Amsterdam with the object of passing them off as British made. The best clocks of this period and of the succeeding centuries were masterpieces of the clockmaker's art, fine, reliable and accurate timepieces by which the comings and goings of an entire household might be ordered in safety. Such clocks belonged to a very different category from the watches of a much later period which apparently needed such treatment as that comprised in the advice given by a character in one of Dickens' novels: "Put it back half an hour every morning and about another towards the afternoon and it's a watch that'll do you credit."

The first clocks were simple affairs which showed the hour alone; then followed the addition of the minute hand, and later came clocks which recorded the day of the month, the phases of the moon and many other pieces of information, generally by a more or less astronomical character. During the sixteenth century the Italian and German clockmakers, notably those of Nuremberg and Augsburg, made great progress in their art. There are those who claim that one Richard Harris, an Englishman, invented and set up the earliest pendulum clock some time during the first four decades of the seventeenth century; but this story does not appear to be well authenticated, and the honor of introducing

the pendulum seems to belong to the Dutchman, Huygens.

During the sixteenth and seventeenth centuries what are known as lantern clocks, a name derived from their resemblance to a lantern in form, were popular. There is a fine specimen, dating from the latter half of the sixteenth century, by Bartholomew Neumann, in the British Museum. Bracket and wall clocks were the rule at this period. They were generally made of brass and had chains and weights depending from them, which precluded the possibility of their standing on a table and made it necessary to affix them to a wall in some fashion. Such clocks generally needed winding once every thirty hours, and this was accomplished by pulling up the weights. The long case clocks of a later period were often made on the same plan, although not so visible unless the door of the case was opened. Such a clock was once in the writer's possession, and it was wound up daily by the simple expedient of pulling the cords to which the weights were attached.

Clockmakers' builds seem to have arisen in the United Kingdom at periods varying from the first half of the seventeenth century until so late as the year 1,800. London led the way in 1646, and Edinburgh and Glasgow followed suit in 1646 and 1649 respectively; but it was not until 1753 that the Haddington clockmakers organized themselves, while Aberdeen waited until the opening year of the next century. "Knock" seems to have been the Scottish term for clock at this period and a certain Humphrey Mills of Edinburgh figures prominently among Scottish seventeenth century clockmakers.

The brass lantern clocks of the sixteenth and seventeenth centuries have made a strong appeal to collectors, and this fact has led to the manufacture of replicas of the old clocks. When these are sold frankly as replicas, there is nothing to be

said against such a practice; but unfortunately the matter does not stop here and too often the attempt is made to pass off an imitation as a genuine old clock. Famous makers' names are added and various expedients adopted to make the new clock pass muster as an old one. Such frauds are deplorable from every point of view, and the ignorance of many collectors makes success possible. Every one, it is obvious, cannot possess a genuine old clock. It would be well if this fact were faced, and the clocks bought simply as reproductions, by all those who are not in a position to make reasonably sure that they are really purchasing a genuine old English clock.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe, to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food turns, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificially digested food is not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bilestrated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bilestrated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, is easy to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

SHARE OF LABOR IN GOVERNMENT

Calgary, Aug. 14.—Addressing the Alberta Industrial Union here yesterday, Senator Robertson, Dominion Minister of Labor, said:

"I believe Labor should have an equal voice in government and in industry with other interests, but influences at work to overthrow industry, confiscate property and destroy government itself shall not succeed. We are backing the international unions which believe in the sanctity of contracts. The Government is satisfied that the United Mine Workers of America will fulfill what they pledge themselves to perform. We are prepared to see the Labor forces built up through the international unions so as to make Labor an asset and not a menace. I believe the eight-hour day is coming."

"Labor could be represented in Parliament by some fifteen members at the present time, and it would be for the good of the country that they should be there. Now that the failure of the One Big Union is in sight, perhaps greater attention will be turned to the need for Labor representation in the House of Commons."

TRADE TRUCE IN FRENCH CAPITAL

Paris, Aug. 14.—The central markets here resumed their usual aspect yesterday with business more active than customary due to exhaustion of retail stocks and the accumulation of provisions in the markets.

A truce has been declared between the merchants and consumers through the intervention of J. B. E. Noulens, Minister of Provisions, who asked the Vigilance Committee to suspend active action until it was decided whether the posting of "normal prices" would not produce the desired effect without provoking retaliatory measures on the part of the merchants.

BELA KUN CROWD TO BE PROSECUTED

Copenhagen, Aug. 13.—Via London, Aug. 14.—The Hungarian public prosecutor has issued an announcement that proceedings will be begun against the individuals charged with crimes during the Bela Kun dictatorship, and that steps already have been taken for their arrest and extradition, according to advices from Budapest.

Another announcement says it is intended to prosecute Bela Kun and his associates for murder, robbery, and forgery.

SEATTLE'S MUNICIPAL CAR LINES A SUCCESS

Seattle, Aug. 14.—A net profit of \$6,938.11 was earned in the first three months of Seattle's newly acquired municipal street car lines, according to a report issued by Superintendent Thomas Murphine. In addition Mr. Murphine declares additional cars are running and considerable money has been spent for improvements, and additional track-age has been laid.

CHANGES AT KINGSTON MILITARY COLLEGE

Kingston, Ont., Aug. 14.—With the coming of Major-General Sir Archibald Macdonnell to commandant of the Royal Military College here, other changes in the staff were announced. Colonel Constantine, D.S.O., replaces Major Ingpen; Lieut.-Colonel Schmidt, M.C., replaces Captain Adams, M.C.; and Major Greenwood replaces Major Witherspoon.

\$430,000 THEFT IN NEW YORK

New York, Aug. 14.—Liberty Bonds valued at \$430,000 were stolen on Tuesday from a firm in the financial district here, it was learned at police headquarters late yesterday.

FRAGMENT OF AEROPLANE.

New Haven, Conn., Aug. 14.—A portion of a wing of an aeroplane with the end churning wheels attached and the propeller attached to the end of the wing was found on the shore at Cosey Beach, east of this harbor, yesterday.

DO YOU FLY IN YOUR SLEEP?

Have you ever dreamt you could fly? Most people have. You have no motor troubles, no air pockets, no derostorns, or fogs; in fact, you just float like an angel in a picture. But you never meet anyone else flying. You have the aeroplane to yourself! You are lucky, if you have never dreamt that you had feet of lead. You feel like a diver trying to walk on a sandy beach in diving boots weighing half a hundred weight each. If you were not in a desperate hurry you might not mind. But there is always something terrible on your track. Yet your pace is a pace of small and you can't mend it. In the Cayes dream you find yourself involved in dark, narrow passages, which get narrower and lower as you go on. You never seem to think of retracing your steps. Sometimes you get into the most awful mud-holes as well, and struggle half suffocated. It is a form of nightmare, following generally on an overdose of pastry.

Have you ever dreamt the inevitable dream? You are dangling from a stick over immeasurable abysses of space, supported only by fantastically clinging hands. The fall is inevitable, but the victim is determined to hold on as long as possible. When he lets go he awakens. He never touches bottom, unless he happens to fall out of bed. Then there is the Augustenburger dream, which is a psychological curiosity. The strange circumstances of it are that the course of the argument is never anticipated. Your opponent's replies come as a surprise! Sometimes the dreamer even gets the worst of the argument. He battles himself in debate. This seldom happens to a man except in dream! But it is a good argument in favor of dual personality.—Tit-Bits.

OVERHANGING BERG
SAVED S.S. GRAMPIAN

Samuel Robb, of Gableship
Restorer, Describes Perilous
Flight

PASSENGERS SHOWED
GRATITUDE TO SKIPPER

A graphic description of the collision between the liner Grampian and a floating iceberg off the Newfoundland coast has been received by A. A. Clayton, of this city, from Samuel Robb, purser of the Gableship Restorer, who was a passenger on the ill-fated ship. In recognition of Capt. James Turnbull's skilful seamanship in navigating the badly damaged liner back to St. Johns the passengers subscribed to a presentation which took the form of a handemily engraved silver shield. The presentation was made to Capt. Turnbull by Mr. Robb on behalf of the grateful passengers.

Capt. Turnbull, commander of the Grampian, is well known in Victoria. "It was a terrible collision," says Mr. Robb, "and for a time there was much uncertainty aboard as to the fate of the vessel and her passengers. The ship hit bow on in a dense fog, running dead slow, but the way on the ship, engines astern, saved worse results. Three officers and lookout jumped off the forecastle head as the ship struck, and four hundred tons of ice came tumbling over the bows with an awful crash."

SALMON PACK POOR.

San Francisco, Aug. 14.—The 1919 salmon pack in Bristol Bay, and Behring Sea, south of the Alaska Peninsula, and at Columbia and Puget Sound, is the poorest in the company's history, officials of the Alaska Packers' Company announced here to-day. Some of the fishing boats have started home in ballast, the company announced. No pack can be given for the small pack.

STRIKING SEAMEN
IN AUSTRALIA ARE
ADVISED TO SETTLE

Melbourne, Aug. 14.—The Australian seamen's union has issued a statement advising the striking sailors to accept the terms of settlement offered by the Government. It is believed that the men will give up the strike and return to work.

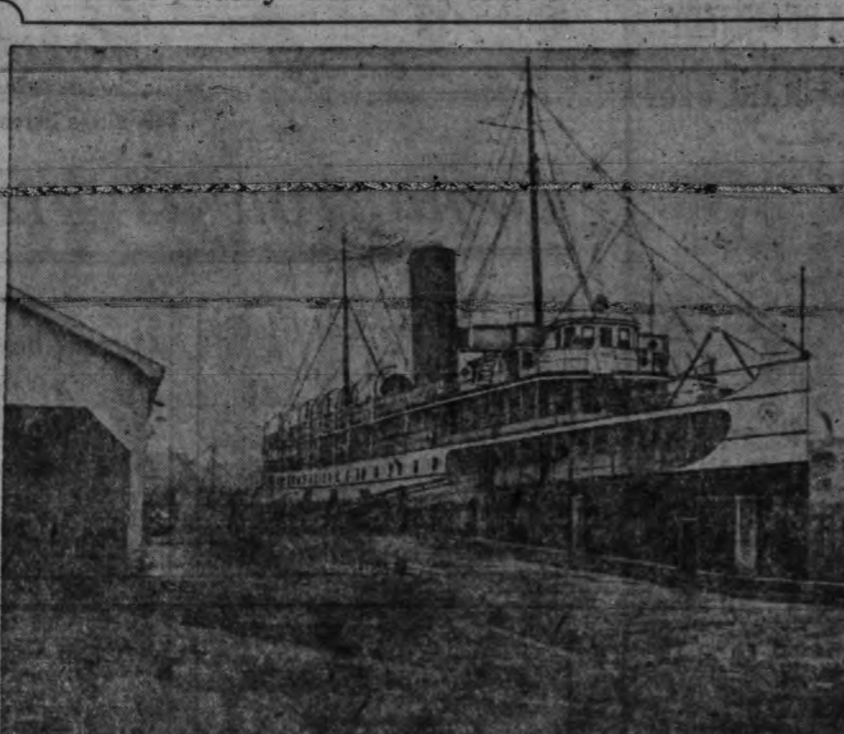

FOURTEENTH SHIP
READY FOR WATER

Hull 221 Will Be Christened
La Salle This Afternoon by
Mrs. James Forsythe

At 5.15 o'clock this afternoon the good ship La Salle, sponsored by Mrs. James Forsythe, will be launched at the Point Ellice yard of the Foundation Company. Edward E. Jenkins will be master of ceremonies and Joe McKay will supervise the actual launching arrangements. The yard will be thrown open to the public as usual and the Foundation band will be on hand to supply the musical programme which is an outstanding feature of these events.

The following platform guests have been invited by the sponsor: Mr. and Mrs. Bayly Hopkins, Mr. and Mrs. Edward H. Jenkins, Emile E. Triguereaux, Mr. and Mrs. J. E. McCormick, A. O. P. Francis, Mr. and Mrs. W. G. Winterburn and family; Major and Mrs. F. B. Edwards, Mr. and Mrs. E. White, Fred White, Capt. and Mrs. W. J. Stephens, Mr. and Mrs. H. Barnett, G. H. Wayland, P. Haviside, Mrs. Palmer, Capt. and Mrs. Gosse, Mrs. McMartin, Mr. and Mrs. L. W. Hall and Walter Hall, Mr. and Mrs. George Stewart, Dr. and Mrs. G. L. Milne, Mr. and Mrs. J. Jennings Burnett, Mr. and Mrs. Langton, Mr. and Mrs. Edgar Wawcott, O. C. Andrews, Mrs. and Miss Morrison, N. H. E. Morison, Mr. and Mrs. W. L. Agassiz, Mr. and Mrs. F. G. Stones, Mr. and Mrs. H. Benton, Capt. and Mrs. J. H. Bell, Mr. A. E. Hill, Miss J. R. Rider, Lieut. Gordon Campbell, Miss Myrtle Steenson, Dr. and Mrs. S. G. Clemence, Lieut. Jack Clemence, Miss Kitty McClure, Miss J. Dowler, Mr. and Mrs. Robert White, Capt. and Mrs. G. B. Bore, Mr. and Mrs. S. P. Langley, Mr. and Mrs. Roy Goodacre, Mr. and Mrs. Oscar Pearson, Lawrence Goodacre, Mr. and Mrs. J. Webster.

To Carry Masonic Excursion to Seattle

On Saturday the C. P. R. Steamer Princess Adelaide will carry a large party of Masonic excursionists from Victoria to Seattle. The steamer, which is licensed to carry 300 excursionists, will leave at 9 a. m. The excursionists will be allowed several days in which to make the return trip by the regular boats of the fleet. The Princess Adelaide will head back from Seattle to take the Saturday night sailing to Vancouver.

INVESTIGATION MAY
BE ORDERED HELD

To Determine Causes of Accident
to Princess Ena in
Seymour Narrows

In the event of an investigation being ordered into the mishap to the steamer Princess Ena it will be the first marine inquiry held in Victoria since the investigation into the Princess Sophia disaster. Capt. J. D. Macpherson, wreck commissioner for British Columbia, has not yet received instructions from Ottawa regarding an investigation into the Ena mishap, but he considers it probable that a probe will be ordered to determine the causes of the striking on Hippie Rock. Capt. Cliffe, master of the steamer, was not on duty at the time, and therefore could not be held directly responsible for the marine casualty. The Princess Ena is now complete in Ottawa regarding an investigation into the Ena mishap, but it is expected that she will be re-commissioned toward the latter part of next week. The vessel was hauled out on Sunday and the contractors undertook to complete the repairs in ten days.

LONG SERVICE OF
VETERAN PILOT

Capt. J. Christensen, Nanaimo
Navigator, Has Been on the
Coast Fifty-five Years

Capt. J. Christensen, the veteran Nanaimo pilot, who has been fifty-five years on the coast, has been the centre of congratulations on his long and efficient service in North Pacific waters. Capt. Christensen has been a pilot since 1871. He is the father of Capt. Andy Christensen, of the Vancouver pilotage service.

SCHOONER FOSTER
IS STILL ASHORE

Seattle, Aug. 14.—All efforts to float the sailing schooner Mary E. Foster, which went ashore during a heavy fog at Alow Point, near Port Angeles, last Saturday night, have been unsuccessful. The tug Pioneer, of the Puget Sound Tug-Boat Company, made an attempt Monday night to pull the schooner into deep water, but the hawser parted, delaying further efforts to free the vessel from the shoals. The Mary E. Foster was found grounded by the tug Pioneer in the bay at Alow Point, near Port Angeles, when she stranded. The vessel is commanded by Capt. G. H. Johnson, Officers of the Puget Sound Tug-Boat Company said to-day that another effort to float the schooner would be made at high tide.

OBITUARY RECORD

The death has taken place in Seattle of Mrs. Mary Rogers, only daughter of William Henderson, of 2156 Oak Bay Avenue. She was forty-eight years of age, a native of Aberdeen, Scotland. She is survived by two brothers, Stewart Henderson, of this city, and Gordon Henderson, of Ottawa, and also one son in Seattle. The funeral will take place at 2.30 o'clock on Saturday from the B.C. Funeral Chapel, 1300 Robson Bay Cemetery, Rev. Thomas Baynes officiating. The body was brought from the Sound to-day.

ANOTHER EFFORT TO
FLOAT CARRUTHERS

Tug Sampson Will Endeavor
to Haul Vancouver-built Ship
Afloat This Week

Another effort will be made tomorrow or Saturday to haul the stranded auxiliary schooner Janet Carruthers off the beach near Hoquiam. For the attempt the seagoing tug Sampson has arrived on the scene from the Columbia River. The tides are at about the same height as those of June when an unsuccessful attempt was made to move the vessel with her own donkey engine and the cables attached to lodge-anchors placed to seaward. The Carruthers was moved several feet in June but the donkey engine lacked sufficient power. Should the present effort be a failure another attempt will be made in October when the tides are about a foot higher. The Janet Carruthers was driven ashore in a heavy storm last winter while bound from British Columbia to the Columbia River to complete a lumber cargo for Australia. The vessel and her cargo was bought at an unwriter's sale by James H. Price who salvaged the 500,000 feet of lumber and her machinery. If she is successfully floated this week the Janet Carruthers will be towed to Puget Sound for repairs and reinstallation of her engine. The vessel was built by the Wallace Shipyards at North Vancouver.

BALLANTYNE III.
VISIT TO COAST
WILL BE DELAYED

Ottawa, Aug. 14.—Hon. C. C. Ballantyne, Minister of Marine and Fisheries, is indisposed, and is at present undergoing treatment in the Royal Victoria Hospital at Montreal. The Minister's illness is not regarded as serious, but it probably will cause a brief postponement of his plan to visit the Pacific coast for the purpose of dealing with the problem of deep water terminals at Vancouver. Mr. Ballantyne expected to arrive at Vancouver about September 1, but owing to his illness he may not reach the coast until about the end of the first week in September.

FUSHIMI, REPAIRED,
CLEARS FOR ORIENT

Katori Maru, Next Inbound
N.Y.K. Ship, Expected
Here on Monday

After completing repairs at Seattle the Nippon Yusen Kaisha liner Fushimi Maru left Puget Sound port yesterday afternoon direct for Yokohama and Hongkong. Outbound from Victoria the Fushimi Maru broke down at sea and had to be towed to the coast by her starboard engine temporarily out of commission as the result of a cracked cylinder head and the disabling of her steam steering gear. Repairs were effected at Seattle by the Hefferman Engine Works.

ARE ESTIMATING
THE DAMAGE DONE

An estimate of the damage done by the occupation of the Willows Park by the military authorities is being made at present, with a view to concluding negotiations following the evacuation of the grounds. It is understood that considerable repairs will have to be made before the city will be able to stage the Dominion Agricultural Fair at the Park next year. "When we have cleared up this business with the military authorities," Mayor Porter stated this morning, "we shall be able to go ahead on the fair project."

GOVERNMENT GRANT
TO WILLOWS SCHOOL

Will Contribute \$30,000 Towards
Erection of Eight-

Announcement that the Government will contribute a sum of \$30,000 towards the cost of the proposed new school at the Willows is made to-day. The Old Willow School Board some time ago received tenders which in the aggregate for the completed building totaled about \$91,000. The idea is to build a permanent eight-roomed brick school, something on the model of the Quadra Street school in Victoria. This announcement will clear the air to enable the Board to ask the district Council to submit a by-law, which is estimated will be placed at \$96,000. The Board proposes to use the site at the Willows where is located the present temporary school, the area being about two and a third acres. Now that the decision of the Department of Education is known, the matter having been before Hon. J. D. MacLean, Minister of Education some weeks ago, action will be taken by the Board towards accelerating the construction of the school, which is urgently needed in a populous district.

DR. J. H. KING BACK
FROM EASTERN TOUR

Minister of Public Works Returns to Victoria From
Ottawa

To deal with the matter of road grants for the various provinces Hon. J. D. King has visited the technical men of the various provinces should meet him in Ottawa on August 22, when a conclusion will be arrived at as to the expenditures to be made in each province, according to the statement issued by Hon. J. H. King, Minister of Public Works, on his return to his office to-day from the Liberal Convention at Ottawa.

SCHOOLS TO OPEN
ON SEPTEMBER 2

Victoria's public high schools, as well as the Provincial Normal School, will re-open after the summer on September 2, September 1 being Labor Day, a public holiday. Registrations for entry into the High and Normal Schools should be made immediately.

FISHING FROM THE SKIES

Of the many uses to which aviation can be put, there is one which is at present engaging official attention. As we all know, aviators when flying over the sea in fine weather can see a long way down into the water. A fact which was made full use of in the course of submarine hunting. From an aeroplane shoals of fish can be observed, when their presence is undetectable from the surface, and the suggestion is that trained observers should be employed on the principal fishery grounds to signal the presence and whereabouts of these shoals to the waiting trawlers below.—T.H. Bits.

THE SCAG FISHER.

Commissioner Hugh M. Smith, of the Fisheries Bureau, said at a Washington tea. "The prime virtue of a good fisherman is patience. Nobody ever developed into a good fisherman who hadn't the patience of Job. There's a Washington boy who is going to make a champion one of these days. I saw him the other afternoon fishing in the Potomac, and I said to him: 'What are you fishing for, son?' 'Skags,' said he. 'Skags are very handy and durable. Reasonably priced.' 'Dunno,' said the boy. 'I ain't never caught none yet.'"

NOT ON THE MENU.
Prospects of a good meal were not bright, but the fly-blown eating house was the only thing of its kind in the neighborhood, so Johnson had no choice but to enter and try his luck. Walking into the dainty dining-room, he seated himself at a table covered with a stained cloth. A depressed waiter sauntered in eventually, and nearly fainted at beholding a customer.
"Have you any cold pie?" queried Johnson.
"Er—no, sir."
"Any chicken?"
"Er—no, sir."
"Well, I suppose I can have some beef, can't I?"
"Er—no, sir."
"What on earth have you got in the house?"
"Er—baillifs, sir."
—T.H. Bits.
The millionaire was discussing with his gardeners the plans for his new grounds.
"On these terraces," he said, brushing aside his tie because it hid a diamond stud, "we'll have five thousand and weeping willows."
"Have you any preference as to how they shall be arranged?" asked the head gardener.
"There is only one way in which to plant weeping willows," said the merry plutocrat, "and that is in tiers."
Three gardeners fainted away, a little dog hid its head in a drain.

FORWARD MOVEMENT OF METHODIST CHURCH

Geo. Bell, M.P.P., Addressed Meeting at Wesley Church, Vancouver

Representatives of every Methodist Church in Greater Vancouver were present Tuesday evening at a meeting in Wesley Church called for the purpose of inaugurating the "Forward Movement" in Vancouver.

Chief Features
The "Forward Movement" would be developed along lines that would be a return to the family altar, an increase in the prayer life of the people, and a consecration of money to the cause of Christ.

Weary Waggles (the tramp)—"An' to think we didn't go to that free concert las' night!"

WILL CONSIDER ALL PHASES OF LIBRARY WORK IN THE WEST

Convention at End of Month Will Be Important Event in Library History

A programme which includes in its scope many of the more pressing problems of the library world to-day has been drawn up for the convention of the Pacific Northwest Library Association to be held in Vancouver on August 28, 29, and 30.

The delegates from the northwest libraries will be welcomed in Vancouver by Mayor Gale. "The Challenge of the Present Day" will be the subject of an address by Librarian John Ridington, of the B. C. University.

Imperial Soldiers Met Member last Night Who Promised to Support Them

PLACED GRIEVANCES BEFORE MR. M'INTOSH

After listening to the detailed grievances of the members of the Imperial Forces Club last night, J. C. McIntosh, M.P., made the statement that if each man furnished him with a report on his particular complaint he would take up the matter immediately on his return to Ottawa.

Another member told of having to pay twenty pounds for his wife and family back to Canada, while the families of Canadians were brought back free. Other men joined the Inland Transport and were promised the same rate of pay and privileges as the Canadians, but this was never done.

The Imperial reservist also paid his own fare to England. On returning here he found the Canadian drawing large gratuities while he was forced to pay exchange on his pension cheque from England.

Major McDonald, president of the club, announced that a concession had been made the Imperials. Instead of wearing their discharged button, which resembled a Canadian Class "B" badge, they will be granted the Class "A" of the C. E. F. He also stated that the Patriotic Aid Society was prepared to assist any real cases of hardship and in the case of the death of an ex-serviceman they would pay the funeral expenses if necessary.
